The Four Blood Moons

For many years, leading up to 2014 and 2015, there has been much talk about the four Blood Moons that either has already taken place (2014) or is predicted to take place (2015) on the Jewish High Holy Days of Passover and Sukkot (Feast of Tabernacles) in the spring and fall of each year.

Many in Christendom are mistakenly thinking these might be the very same Blood Moons that are to be expected right before the end of the age, when Jesus is expected to return. Some are even preparing for the Rapture to happen in the near future. This, coupled with Israel having been at war with Hamas in Gaza, during the summer of 2014, more and more are now beginning to wonder, despite the agreement that was reached,¹ if, in fact, we are presently in those last 3 ½ years leading up to the Great Tribulation, if not the Tribulation itself.

There have been a number of End-Time false prophets as of late, as well as throughout history. Recently there was the Harold Camping teaching of May 2012 that was then changed to October, 2012. Also in 2012, there was the Mayan Calendar, the basis by which people claimed the world would be ending on December 21st, 2012, which, proved to be yet another event that came and went with no significant or cataclysmic events taking place.

Not to mention the false teaching that came to be regarding the Daniel Timeline Calendar, based on the 70 Weeks of Daniel 9:24, which was to begin at Purim or Passover 2013 and then again at Purim or Passover 2014. This theory held out that the end was to come at Yom Teruah or the Feast of Trumpets during 2016, then changed to 2017. Then currently at the time of this writing, it was to begin in 2015 and end in 2018 with what they suspected was the Jubilee Year by which to usher in the 7th Millennium.

There are many people out there who will not investigate a matter and search out the merits or validity to the theories they are presented with. Far too many just blindly accept them as true. When they do not come to pass, these same people are then carried about by

¹http://en.wikipedia.org/wiki/2014_Fatah%E2%80%93Hamas_Gaza_Agreement

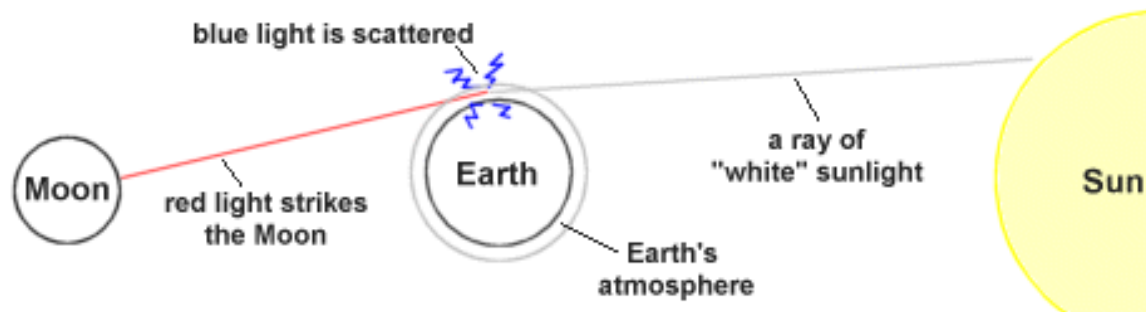

the next wind of doctrine that comes along or, they mix and match what failed to transpire with something else that has yet to be proven or disproven.

To date, the four Blood Moons of 2014 and 2015 have been preached and prophesied on since about 2008². But as each of these theories are, one by one, proven to be false, people then begin to become desensitized. Most people do not and will not consider anything that has the slightest hint of anything Hebraic or Jewish attached to it, (i.e. the High Holy Days that these Blood Moons come on).

Harold Camping changed his views and modified them in accordance with the High Holy Days. And many others are now doing the same and looking anew at these potential prophetic signs according to the Holy Days spoken of in the Bible. They are not Jewish, but are for everyone to keep. They are all listed for you in Leviticus 23. Each person needs to read these and keep them in order to properly understand the Bible.

What Is A Blood Moon?

The science behind understanding how we get a Blood Moon is very simple. It is the refraction of the Sun's light as it passes through the Earth's atmosphere being bent or redirected so that *only* the red light is seen on the Moon's surface.

When the Moon passes through the Earth's shadow, it first goes through the Penumbra where the Moon is darkened to about 90% of its brightness. After this, it then goes through the Umbra. The light from the Sun cannot reach the Moon, so it should be black, but the Sun's rays passing through the Earth's orbit are bent or refracted, thus allowing the red rays to reach the Moon and resulting in the blue rays being scattered.³ This is why the Moon appears red at least twice a year. During any given Solar Year, there are between two to five Blood Moons.⁴

²http://en.wikipedia.org/wiki/Blood_Moon_Prophecy Around 2008, Biltz began predicting that the Second Coming of Jesus would occur in the fall of 2015 with the seven years of the Great Tribulation beginning in the fall of 2008. He said he had "discovered" an astronomical pattern that predicted the next Tetrad would coincide with the End-Times. When the prediction failed, he pulled the article from his website, but continued to teach on the "significance" of the Tetrad.

³<https://www.youtube.com/watch?v=wuhNZeJHeBg>

⁴http://en.wikipedia.org/wiki/Lunar_eclipse Every year there are at least two Lunar Eclipses and as many as five, although total Lunar Eclipses are significantly less common.

Why All the Hype?

In 2008, Pastor Mark Biltz of El Shaddai Ministries discovered there were going to be four Blood Moons on Passover and Sukkot in both 2014 and 2015. That is, four *consecutive* Blood Moons, on each of the two High Holy Days. He would later publish his findings in his book.⁵

He then learned that this sort of event, called a Tetrad,⁶ happens very rarely.

Tetrads are four Blood Moons occurring during a two-year period of time. There have been 142 of them in the past 5,000 years. Since the Messiah, there have been sixty-two Tetrads to date. Of these sixty-two, only seven have actually coincided with the High Holy Days.

This is an extremely rare event for anyone to see, and yet, in 2014 many of us were able to be an eyewitness to this event and in 2015 will be again.

Mark Biltz read about the Blood Moons in his Bible and thought it was talking about Lunar and Solar Eclipses and when he checked the N.A.S.A.⁷ website, he learned that there are many Lunar and Solar Eclipses. As he was investigating this, he saw that certain Blood Moons coincided with the Jewish High Holy Days and this got him very excited. Everyone is of the persuasion the Blood Moons are indicative of the “fact” the time of the Messiah’s Second Coming is now at hand or, at long last, upon us. But is it really?

Pastor Biltz’s excitement about these four Blood Moons, and everyone else who espouses his teachings, is based on the scripture found in Joel.

31 The sun is turned into darkness, and the moon into blood, before the coming of the great and awesome day of יהוה. (Joel 2:31)

Pastor John Hagee then followed in Biltz’s footsteps and wrote a book on the very same subject in 2013. In that book,⁸ Pastor Hagee says:

The Book of Genesis says God uses the sun, moon and stars for signs and seasons. Examples (of this) can be found throughout the Bible.

Think of how a star led the wise men to Jesus or how the sun stood still as Joshua led Israel to victory over its enemies.

According to Pastor John Hagee, God is getting ready to speak this way once again.

Hagee also told CBN News the following:

⁵*Blood Moons: Decoding the Imminent Heavenly Signs* by Mark Biltz

⁶http://en.wikipedia.org/wiki/Blood_Moon_Prophecy A Tetrad is a series of four, consecutive, total Lunar Eclipses, with six full moons in between, and no intervening, partial Lunar Eclipses.

⁸*Four Blood Moons: Something Is About to Change* by John Hagee

There's a sense in the world that things are changing and God is trying to communicate with us in a supernatural way.

Hagee also predicted:

I believe that in these next two years, we're going to see something dramatic happen in the Middle East involving Israel that will change the course of history in the Middle East and impact the whole world.

Yehovah is TRYING, TRYING? Yehovah either does or He does not. Yehovah does not just merely try. The problem is not in the message. The problem is in our inability to hear or understand. We have strayed dangerously far from listening to the Creator of mankind, let alone reading His words in our Bibles to know what He expects of us.

Pastor Mark Biltz and John Hagee, like most others, have assumed these Blood Moons are an omen for the State of Israel. Are they right?

After the Blood Moon of Passover 2014, the State of Israel went to war with Hamas of Gaza on July 8th, 2014. Is that what these Blood Moons mean? Was this that dramatic event Pastor's Biltz and Hagee were talking about?

Let me say right here and right now that I am not out to disparage, look down on or belittle anyone who upholds, espouses, endorses or promotes a teaching in an effort to help others learn more about those things actually written in the Bible. Instead, I applaud them for studying the Bible and for sharing what they have learned.

All of us are called to be just like the Bereans. We are to go and search the Scriptures and test all things as to whether they are true, or not.

Each pastor who has shared his understanding of prophecy has helped others to learn more by the little pieces we are able to glean from each one of them. And, as we come closer to the end of this age, I would fully expect more and more will come into a clearer understanding of End-Times prophecy, than those who have gone before, simply because we have come into a much deeper understanding of things at this late date and many things have become exceedingly more clear to us as we near the end.

Does the State of Israel represent the whole House of Israel? No, it does not. I believe these Blood Moons are a warning to the whole House of Israel, but most have no clue as to who Jacob (Israel) actually is and assume it must be the Jews. Who are the Tribes of Israel then, if *not* the Jews?

In my teaching videos⁹ (The Ten Lost Tribes of Israel) I show you how those who ruled over the captive Israelites pronounced the name of Israel and how it changed through time to its modern form. Once you know the names they were called by those who ruled over them, then you can trace them anywhere throughout history with any encyclopedia.

⁹Part #1 <https://www.youtube.com/watch?v=3XFdZnZdCxg>

Part #2 <https://www.youtube.com/watch?v=1Q2u1LVieCk>

In my book, *The 2,300 Days of Hell*¹⁰ I show you by the use of Heraldry how you can trace each tribe and for most of you reading this, even your own family history using your family crest as a starting point to trace your genealogy all the way back to one of the Tribes of Israel.

Here is a brief synopsis to show you to whom these Blood Moon warnings apply to:

The Assyrians called the 12 Tribes of Israel, before the Captivity, the House of Omri after King Omri from the Northern 10 Tribes. The Northern 10 Tribes fell to Assyria in 723 B.C. But the Assyrians could not pronounce Omri and called him Khumri. So the Tribes of Israel were known as Beit (house) of Khumri. Beit Khumri or House of Omri.

Just fifteen years later, we can read in the Royal Letters of Assyria written to the king, dated 708 B.C.–707 B.C., what the 10 Tribes of Israel were, at that time, being called by their captors. These letters to the King of Assyria no longer identified these Israelites who had settled south of Lake Urmia as Beit Khumri, but called them by another name instead.

This place south of Lake Urmia where the Israelites dwelled was called the Land of Gamir. This meant that the Israelites were, at that time, called the Gamera or the Gamereans because they inhabited the land of Gamir. The people around the Beit Khumri pronounced it as Khamri or Khamir, the Kh being vocalised as a G sounding out as Gamri.

You can easily deduce the name of Gamir originates from the name of Khumri.

The Assyrians came to call the House of Omri the Bit Khumri, but later the Israelites became known as the Gamera and/or Gimera from the land of the Ga-Me-ra-a-ans (Khumrians, Khumerians); the Khu becoming the Ga sound.

The Persians, later called these Gamerians, the Cimmerians. All of this and much more are recorded on the Behistun Rock in Iran, which has many of these names written in four different languages.

History now records that these Cimmerian tribes became known as the Goths, Visigoths, Saxons, Angli and many other tribes, which also all fall under the name of the Celtic people.

The 10 Lost Tribes today can be found in North America, the U.K., Australia and the Scandinavian countries. The Celtic people of today were, in the historical past, known as the Tribes of Israel and it is to these people that prophecy and the Blood Moon warnings in question are to be applied.

Problems With the Current Blood Moon Teachings

If Mark Biltz and John Hagee's teachings on the Blood Moons were correct, then there would not be the issues being raised by some about this phenomenal event.

¹⁰<http://sightedmoon.com/store/products/the-70-shabua-of-daniel-ebook/>

What then, is my purpose in writing this book?

To date, no one has accurately explained to you what the Blood Moons mean adequately or correctly and everyone has missed the obvious and most prominent elephant in the room.

Let me show you the two obvious problems to this teaching.

A number of teachers have come out and explained how Joel 2:31 is to be applied to the Great Tribulation and yet, we are not, in either 2014 or 2015 in the Great Tribulation. We are not in the Tribulation now even though we still have some people embracing the Daniel Timeline lie thinking these Blood Moons prove this theory true. They do not.

Because it is my firm belief we are not yet in the Tribulation, I am also of the conviction these current Blood Moons are *not* about that future point in time, although I *do* believe there will be Blood Moons *during* the Tribulation. It is just not happening yet. I will elaborate more on that shortly.

Those who believe the Blood Moons are reserved *exclusively* for the Great Tribulation and hold to the idea we are not now in that Tribulation have brushed these events of 2014 and 2015 aside as having no relevance. And in so doing, they have missed the boat and they have missed the elephant in the room. The hype has eclipsed the real meaning of the Blood Moons and camouflaged this proverbial elephant in front of us.

Another problem that many have picked up on is the following.

Eight Tetrads have transpired since Yehshua walked the Earth. Notice the years of these eight Tetrads and think of the major events that took place at that time. Is anything coming to mind?

1. A.D. 162-163
2. A.D. 795-796
3. A.D. 842-843
4. A.D. 860-861
5. A.D. 1493-1494
6. A.D. 1949-1950
7. A.D. 1967-1968
8. A.D. 2014-2015

I can't think of any major events that followed these Tetrads either.

The Tetrad sequence involving April 2nd and September 25th, 1493 C.E. (Phase I), followed by March 22nd and September 15th, 1494 C.E. (Phase II) is being erroneously associated with the expulsion of the Jews from Spain. The inherent problem with this is that the Jews were being killed and expelled from 1481¹¹ C.E. right up until 1492 C.E.¹²

¹¹<https://www.jewishvirtuallibrary.org/jsource/History/Inquisition.html>

¹²<https://www.jewishvirtuallibrary.org/jsource/Judaism/expulsion.html>

when Spain expelled 200,000 Jews. So the Blood Moons of 1493 C.E. and 1494 C.E. come *after* this historic event took place—after and *not* before. These Blood Moons did not warn of anything.

Next, we have the Tetrad sequence involving April 13th and October 7th, 1949 C.E. (Phase I), followed by April 2nd and September 25th, 1950 C.E. (Phase II) that came after the 1947 U.N. Declaration to create the State of Israel on November 29th, 1947,¹³ and the war that ensued which defined the State of Israel in 1948¹⁴. Again, the Blood Moon Tetrad came *after* these events and *not* before.

The third example being touted by the supporters of this particular kind of Blood Moon Theory is the Tetrad sequence involving April 24th and October 18th, 1967 (Phase I), followed by April 13th and October 6th, 1968 (Phase II). This particular Tetrad sequence is said by its adherents to have been a foreboding warning sign of the Six Day War in Israel from June 5th–10th in 1967¹⁵. Only one Blood Moon was seen at Passover that year and the other three came after the Six Day War was over.

These are the dates of the last three Tetrads being touted as harbingers of events associated with the Blood Moons. The trouble is they all come *after* the fact. They have never preceded an event and this is the fundamental problem with Mark Biltz's and John Hagee's teachings. It is, again, *after* the fact. Like the closing of the gate after the horse has already bolted out into the fields.

Again I ask you what is this all about? What is the truth here? With so many notable teachers already speaking on this subject, why am I teaching this and what can I add to this subject?

We read in the Bible how we should conduct ourselves.

1 Should any of you, holding a matter against another, go to be judged before the unrighteous, and not before the set-apart ones? 2 Do you not know that the set-apart ones shall judge the world? And if the world is judged by you, are you unworthy to judge the smallest matters? 3 Do you not know that we shall judge messengers? How much more, matters of this life? 4 If then you truly have judgments of this life, do you appoint them as judges who are least esteemed by the assembly? 5 I say this to your shame. Is it so, that there is not a wise one among you, not even one, who shall be able to judge between his brothers? (1 Corinthians 6:1-5)

1 Beloved ones, do not believe every spirit, but prove the spirits, whether they are of Elohim, because many false prophets have gone out into the world. (1 John 4:1)

If you are to one day judge the angels and this world, then why are you not able to take the evidence of the Blood Moons, then judge it and arrive at the proper conclusions?

¹³<http://www.mfa.gov.il/mfa/foreignpolicy/peace/guide/pages/declaration%20of%20establishment%20of%20state%20of%20israel.aspx>

¹⁴http://en.wikipedia.org/wiki/1948_Arab%E2%80%93Israeli_War

¹⁵<http://www.britannica.com/EBchecked/topic/850855/Six-Day-War>

Weigh the evidence before you, but in order to do so properly, you must not only know the facts, you must *have* all the facts, which you currently do not have.

There have been 142 Tetrads in the past 5,000 years, so what we are witnessing with the current Blood Moons is indeed a rare event. But something is still decidedly amiss, begging to be put right.

Once again I ask you, what *exactly is* the elephant in the room here? What is the glaringly obvious and inherent problem in all this and the respective solution? The current teaching presumes you understand that the Jewish calendar has not changed. But we all know it has.

The Calendar

Hillel II is credited with the current Hebrew Calendar having shared the working mathematics during his tenure as Nasi for the Sanhedrin from 330 C.E.–365 C.E. due to the persecution being put upon the Jewish community.

He is traditionally regarded as the creator of the modern fixed Hebrew calendar. However, this attribution is tenuous. It first appears in a responsum of R. Hai Gaon (early 11th century) cited by R. Avraham b. Hiya in his Sefer Ha'ibbur, written in 1123 C.E.

The topic of that responsum is the 19-year cycle for leap-year intercalations, so the most that can be inferred from that attribution is that Hillel II was responsible for the adoption of that cycle for the regulation of the distribution of leap-years. Scholars who have studied the history of the Hebrew calendar are in general agreement (and there is much evidence for this in the Talmud itself and in other rabbinic sources) that in practice, the evolution of the calendar into its present form was a gradual process spanning several centuries from the 1st century to about the 8th or 9th century C.E.

A much later document from the Cairo Geniza: a letter of a Babylonian exilarch—one of the main leaders of the Rabbanite community—with detailed calendrical instructions for the year 835 C.E.–836 C.E.

The letter reveals that Passover (15 Nisan) in that year was due to occur on a Tuesday; while according to the present-day rabbinic calendar, it should have occurred on Thursday. According to the exilarch, the setting of Passover on Tuesday was dictated by a concern to avoid visibility of the new moon before the first day of the month. This concern does not exist in the present-day rabbinic calendar.¹⁶

This period in history then, in the year 835 C.E.–836 C.E., is a prime example of how the Sighted Moon Calendar system was still in force in many places around the world with regard to how to rightly begin the month. Evidence of that the sighted crescent moon was used to begin the month remains with regard to the Feast of Yom Teruah to this day. It is a one-day feast day kept on the 1st day of the 7th month. But because it could not be determined until the first Crescent Moon was sighted and those witnesses had come

¹⁶http://en.wikipedia.org/wiki/Hillel_II

forward to the high priest, many kept two days just in case the Moon was not sighted and the first day began on the next day instead. This tradition continues even though most today use the Conjunction Calendar to determine when the Holy Days are.

Today's Rabbinic calendar was not universally used until Moses Maimonides, also known as the Rambam who wrote the Mishneh Torah in 1178 C.E., standardized it. He lived from 1135 C.E.–1204 C.E.

The calendar used by Jews has evolved over time. Until the Tannaitic period (approximately from 10 C.E.–220 C.E.), the calendar employed a new crescent moon, with an additional month normally added every two or three years to correct for the difference between twelve lunar months and the solar year. When to add it was based on observation of natural, agriculture-related events.

Through the Amoraic period (200 C.E.–500 C.E.) and into the Geonic period, this system was gradually displaced by the mathematical rules used today. The principles and rules were fully codified by Maimonides in the Mishneh Torah in the 12th century.

Maimonides' work also replaced counting "...years since the destruction of the Temple" with the modern creation-era Anno Mundi.¹⁷

So there you have the history of how the current Hebrew Calendar came into existence.

Maimonides' sole contribution to mathematical astronomy is his procedure for determining the visibility of the lunar crescent, which takes up several chapters of his great law code, the Mishneh Torah. Before the calendar was fixed, Jewish law required that the beginning of each month be certified by the court at Jerusalem. No month can exceed thirty days. Hence, if the crescent is not seen on the eve of the 29th, the declaration of the new month is automatic.¹⁸

Listen carefully! Are you listening to this?!

*Maimonides' procedure is necessary only for those instances where witnesses **do** report a sighting on the eve of the 29th. Specifically, the members of the court need to know whether a sighting is possible, so that they may convene in the expectation of witnesses; and they need a few details about the appearance of the crescent for purposes of cross-examination. Conversely, the court needs to know when a sighting will be impossible, so as to be able to reject any purported sightings.*

The Talmud also tells us of those times when witnesses do come and who is a qualified witness.

With these facts in mind, it will be readily understood why Maimonides presents his method in "cookbook" fashion. Solar and lunar parameters, listed by Maimonides, can be plugged in, and the computation is then carried out step-by-step. Eventually the result is a simple 'yes' or 'no' answer; if the answer is 'yes,'

¹⁷http://en.wikipedia.org/wiki/Hebrew_calendar

¹⁸http://islamsci.mcgill.ca/RASI/BEA/Maimonides_BEA.htm, <http://tinyurl.com/pzvkc4o>

some additional information about the appearance of the crescent can be obtained.

Theoretical explanations or justifications are kept to a bare minimum. Certain parameters, for example, the geographical latitude, are built in, since the computation is meant to be true only for Jerusalem and its environs. Maimonides states that he has allowed himself some approximations, but, he assures us, the round-off errors cancel each other out, so that there is no net effect on the computation.¹⁹

A proper chronological reading of history will show you that due to persecution, Hillel II used the Calculated Method to both confirm the Sighted Moon witnesses and also so that those in the Diaspora would know when the month began in order to know when the Holy Days were. Up until this date in 356 C.E., they were using the Sighted Moon to begin the month.

The Calculated Method never became universal until Rambam made it so in the 12th century as you have just read. In order to understand why calculated dates for the Blood Moons do not work, you have to understand that the Calculated or fixed Hebrew Calendar is not the way by which to determine them. You need to use the Sighted Moon Crescent to understand them. That is, the month that begins with the first visible Crescent and *not* the Conjunction of the Moon.

When the Barley is Aviv and the first Crescent Moon is sighted, then the New Year officially begins and the Holy Days can be determined in accordance with Leviticus 23.

In order to have the first Wave Offering of First fruits as you are commanded to do in Leviticus 23²⁰, you must have ripe Barley in order to perform this command. This command is done on the Sunday after the 7th day Sabbath during the Days of Unleavened Bread.

The Elephant In the Room

Using the current Hebrew Calendar as a resource by which to crosscheck all the biblically inspired Holy Day dates in history is a misguided approach at best. *This* is the elephant in the room. Those who use the Conjunction Moon dates as a reference for checking historical dates are doing so incorrectly and will end up with false or misleading information, as I have already illustrated, with the Blood Moons following after major events.

The Sighted Moon Calendar is the one that has been in use since Creation up until the 11th century C.E. But going back in history we have no way to know if the Barley was Aviv or not throughout history.

The Metonic Cycle

¹⁹http://islamsci.mcgill.ca/RASI/BEA/Maimonides_BEA.htm

²⁰10 Speak to the children of Yisra'el, and you shall say to them, "When you come into the land which I give you, and shall reap its harvest, then you shall bring a sheaf of the first-fruits of your harvest to the priest." (Leviticus 23:10)

What does this mean?

Because of the roughly eleven day difference between a given Lunar Year and a given Solar Year, the length of the Hebrew Calendar year varies in a repeating 19-year Metonic²¹ Cycle.

In a Lunar Year, there are 354 days and in a Solar Year there are 365 days. This means the Lunar Year Cycle must make up eleven days each year. This is accomplished by adding an extra month once every three years approximately. More specifically, the Metonic Cycle compensates for this eleven day difference by adding one leap month to specific years. These are the 3rd, 6th, 8th, 11th, 14th, 17th and 19th years of a nineteen-year cycle.

2014 was the 17th year of this Metonic Cycle, making it a Leap Year and 2016 will be the 19th year and a Leap Year for the Calculated Hebrew Calendar.

This Metonic Cycle was created by the Greeks. When Meton introduced the cycle around 432 B.C., it was already known by Babylonian astronomers before this date.

The method anciently used to determine the beginning of the year was originally determined by the agriculture in the Land of Israel. If the Barley was not ripe enough to make the Wave Offering during Passover, then an extra month was declared. People had to watch for the growth of the Barley to be ripe.

The current Hebrew Calendar employs a methodology that has no regard for whether the Barley is ripe or not in the land of Israel. The current Hebrew Calendar also employs this forced Leap Year as evidenced by the Metonic Cycle.

The years 3, 6, 8, 11, 14, 17, and 19 are the years in the Metonic Cycle in which an extra month is added arbitrarily *whether or not* the Barley is ripe. This means that during certain years, Passover could take place when the Barley is not yet ripe and in other years, when the Barley has already reseeded itself. We are to gather the “Firstfruits” for the Wave Offering, and *not* the leftovers. In 2016, they²² will add an extra month and not check to see if the Barley is ripe or not.

Identifying the Problem With the Current Teachings

Hmmm... Mark Biltz and John Hagee are saying the Blood Moons of 1493 C.E. and 1494 C.E. are significant. Why? They happened *after* the Spanish Inquisition, which began in 1477 C.E. and went up to 1492 C.E. and 1501 C.E. They come sixteen years *after* the fact, as a matter of fact!

²¹http://en.wikipedia.org/wiki/Metonic_cycle

²²“Are they not mandated by the secular authority of the Israeli Knesset and not by rabbinic authority of the Sanhedrin?”

<http://www.jpost.com/Opinion/Op-Ed-Contributors/Who-controls-the-Hebrew-calendar-321668>

Again, they are using the Calculated Calendar, which is, in nearly every case, the root of the problem.

When you look at Israel gaining its independence, you see where the U.N. declared the creation of the State of Israel in 1947 and the State of Israel was at war for her very life in 1948. The Blood Moons came after the fact in 1949 and 1950. They were not a harbinger of anything. How so? Because they were basing their predictions on the Calculated Calendar which, again, is incontestably the root of the problem.

When we come to the Six-Day War in 1967, we see one Blood Moon at Passover, which was before the war but, notably, the other three came after. Once again, they are erroneously hinging their projections on the Calculated Hebrew Calendar, which will never be a part of the solution, but will always continue to be the heavily disputed, primary heart of the problem.

Jacob's Trouble: Who Is Jacob Today?

6 Ask now, and see if a man is giving birth. Why do I see every man with his hands on his loins like a woman in labor, and all faces turned pale? 7 "Oh! For great is that day, there is none like it. And it is the time of Ya'aqob's distress, but he shall be saved out of it. 8 And it shall be in that day," declares יהוה of hosts, "that I break his yoke from your neck, and tear off your bonds, and foreigners no more enslave them. 9 And they shall serve יהוה their Elohim and Dawid their sovereign, whom I raise up for them." (Jeremiah 30:6-9)

People are appearing out of the woodwork like fools rushing in to lay false claim to these Blood Moons in 2014 and 2015, as being the beginning of Jacob's trouble. They are of the persuasion the Jews are about to be eliminated from the equation. Are they really?

I had one person call me out of the blue just to tell me the Rapture was about to happen and that the four Blood Moons I have been describing to you proved it and once the 4th one comes, then the Jews will be killed and all who are Christian will be raptured. Really?! After listening to this guy for about a ½ hour, I had to tell him he had it all wrong. It was the Christians who are about to be destroyed and it was going to be exceedingly bad for them during the next Sabbatical Cycle.

I believe these four Blood Moons and two Dark Moons (we will explain the dark moon shortly) are a warning to the whole house of Israel, but most have no clue as to who Jacob is and mistakenly assume it must be the Jews.

Read the following passage in Jeremiah once again:

9 And they shall serve יהוה their Elohim and Dawid their sovereign, whom I raise up for them. (Jeremiah 30:9)

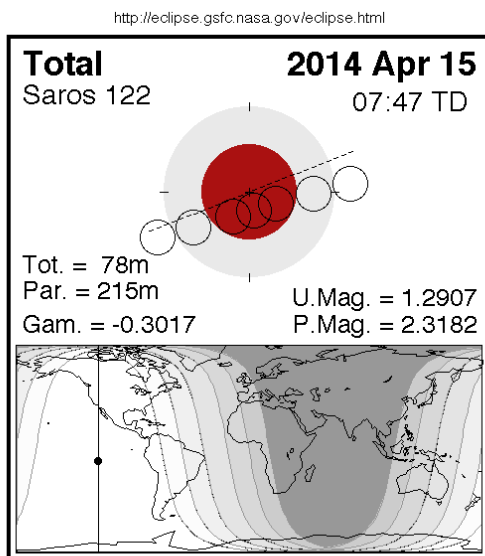

The operative part being "David whom Yehovah will raise up to them." King David is going to rule over us. Again, watch my video, *The 70 Shabua*²³. This video addresses Daniel 9:24-27 completely which this book is not able to.

In my teaching video²⁴ on the Ten Lost Tribes, I show you how the name was changed from Israel to its modern form. Once you know this, you can then trace them in any encyclopedia. I have shown you by the use of Heraldry in my book *The 2300 Days of Hell*, how you can trace each tribe and even your own family crest. I have also shown you how the modern day Hebrew language can be traced back in time, throughout linguistic history, to the Ancient Hebrew and the Paleo-Hebrew.

Looking At the Blood Moon With the Proper Understanding

I have now re-laid the foundation as to *who* the 12 Tribes of Israel are today and have also reestablished the fact that the Calculated Hebrew Calendar is primarily at fault when it comes to timeline-based prophecies that prove to be false. Most importantly, I resubmitted to you how the original, biblically inspired calendar has *always* been the Sighted Crescent Moon Calendar and *not* the man-inspired calculations and Metonic Cycles. We are to use the Sighted Crescent Moon to gauge the beginning of each month and in concert with the Barley being Aviv (ripe) to kick off the head of each New Year by. Building on that understanding, we are now ready to go forward and gain a critical, working knowledge of what the importance of these Blood Moons are that you will be witnessing on the High Holy Days in 2014 and 2015.

On the bottom half of the picture to the left, there is a dark area where no eclipse is visible. In the white area, there is total visibility and the shaded areas are only partially visible. On the right side is the moonrise and on the left side is the Moon's set time and the line with the black dot on it is about midnight.

The various shades of grey are those areas where the moon will go from the Dark phase as it transitions into the blood red phase. The dark area is where a Dark Moon can be seen. The dot on in the center of the white area is when the blood moon will be at its maximum.

Pay attention to the fact that in the spring and fall of 2014, the Blood Moons will not be visible to those residing in the State of Israel, but they will be visible in Western Europe, North America and Australia—some of the nations of the 10 Lost Tribes.

Also note that although the Blood Moon is not visible in the dark area, the Dark Moon *is* visible, which I was able to confirm myself when I went to Israel for Sukkot in 2014. The Blood Moon was over North America and *not* Israel, but a Dark Moon was seen over Israel.

On April 15th, 2014 at the time of the Blood Moon, it was in the constellation Virgo. The Blood Moon was Eclipsing Spica with Mars right beside it and Saturn in Libra. Virgo represents all 12 Tribes of the nation of Israel.

Over 100 years ago, E. W. Bullinger wrote, *The Witness of the Stars*. In this book, Bullinger demonstrated how the stars attest to the accuracy of biblical, prophetic truths. Later, Kenneth C. Fleming wrote *God's Voice In the Stars*. Fleming wrote:

God Himself is responsible for the names of the stars. He did not entrust this task to Adam.

The following information was compiled by Brother J. R. Church and published in 1994:

While Adam was given the privilege of naming the animals, God named the stars (Psalms 147:4, Isaiah 40:26, Genesis 1:14). In astrology, Aries is the first sign and Pisces is the last. But astrology is a counterfeit. In reality, Virgo is the first sign and Leo is the last. The order of signs from Virgo through Leo is confirmed by the ancient Egyptian Sphinx, which portrays the head of a woman (Virgo) and the body of a lion (Leo). The Story In the Stars has nothing to do with events of your life, and everything to do with Salvation.

Satan is the great counterfeiter. He has taken something created by the Lord and twisted it for his own use. The constellations and stars tell the story of Jesus. There are those who do not wish the story to be known. So, to hide the story in the stars, the order was changed.

I–VIRGO–Bethula

Depicted as a woman with a shock of wheat in one hand and a branch in the other. The brightest star is in the seed of the wheat (**Spica**—“the BRANCH”). Isaiah and Zechariah prophesied about the Messiah as “the BRANCH.” This “sign” tells of Mary and the Virgin Birth of Jesus.

14 Therefore יהוה Himself gives you a sign: Look, the maiden conceives and gives birth to a Son, and shall call His Name Immanu'ēl'. [Footnote: Ĕl with us. See also, Matthew 1:23. | Isaiah 7:14)]

1 And a great sign was seen in the heaven: a woman clad with the sun, with the moon under her feet, and on her head a crown of twelve stars. 2 And being pregnant, she cried out in labor and in pain to give birth. 3 And another sign was seen in the heaven: and see, a great, fiery red dragon having seven heads and ten horns, and seven crowns on his heads. 4 And his tail draws a third of the stars of the heaven and throws them to the earth. And the dragon stood before the woman who was about to give birth, to devour her child as soon as it was born. (Revelation 12:1-4)

Here is a picture on April 15th, 2014 of Virgo with the Blood Moon aligned with Spica, but I have removed the landscape and now you can see the serpent that takes away 1/3 of the stars or angels in its tail. In other depictions, this serpent has its head at the woman's feet ready to eat the child.

Do not let people tell you that these things are wrong and not to look at them. These people perform the work of Satan, when your Bible is abounding with scriptures talking about these details in the stars. *Isaiah* and *Revelation* use them to teach you.

3 And another sign was seen in the heaven: and see, a great, fiery red dragon having seven heads and ten horns, and seven crowns on his heads. 4 And his tail draws a third of the stars of the heaven and throws them to the earth. And the dragon stood before the woman who was about to give birth, to devour her child as soon as it was born. (Revelation 12:3-4)

Yehovah even asked Job about the Constellations, which we are told of in *Psalms* 147. Yehovah named them all.

14 And Elohim said, "Let lights come to be in the expanse of the heavens to separate the day from the night, and let them be for signs and appointed times, and for days and years." (Genesis 1:14)

4 He appoints the number of the stars; He calls them all by their names. (Psalm 147:4)

9 Which maketh Arcturus, Orion, and Pleiades, and the chambers of the south. (Job 9:9) / KJV

9 "... who made the Bear, Orion, and Pleiades, and the chambers of the south." (Job 9:9)

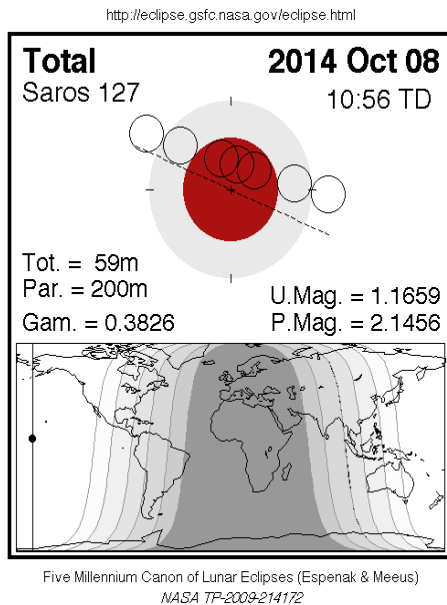

9 “... who made Ash, Kesil, and Kimah, and the rooms of the south.” (Job 9:9) | The Scriptures

31 Do you bind the bands of Kimah, or loosen the cords of Kesil? 32 Do you bring out the constellations in its season? Or do you lead the Bear with its sons? Do you know the laws of the heavens? Or do you set their rule over the earth? (Job 38:31-32) | The Scriptures

31 Canst thou bind the sweet influences of Pleiades, or loose the bands of Orion? 32 Canst thou bring forth Mazzaroth in his season? or canst thou guide Arcturus with his sons? (Job 38:31-32) | KJV

31 Can you bind the bands of the Pleiades, or loosen the cords of Orion? 32 Can you bring the constellations in their season? Or can you guide the Bear with its sons? 33 Do you know the ordinances of the heavens? Can you set up their rulership on the earth? (Job 38:31-33) |

The Scriptures

It is Yehovah who named the stars and has declared them as Moedim—signs for us to know the seasons by.

Next, look at the Blood Moon that transpired in the fall of 2014.

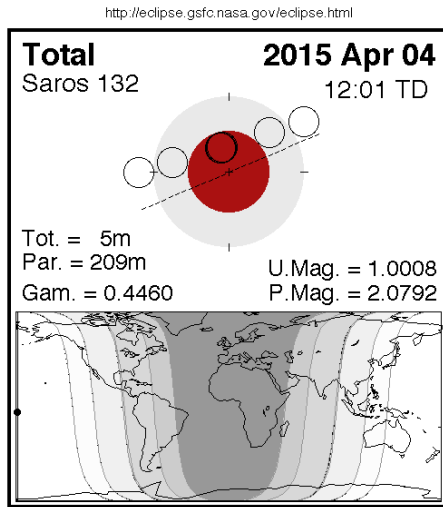

Again, this Blood Moon was not visible in Israel, but was visible in North America and Australia. The dark moon was visible in Israel as I saw this myself when I was there at this time.

On October 8th, 2014, at that time, the Blood Moon was determined to be in the Pisces Constellation. Pisces represents the two fishes. The one facing the east

represents Judah and the one facing north represents the Northern Kingdom of Israel.

The band holds them to the huge Constellation of Cetus, the great Sea Monster. Once again, we can see these constellations in Scripture.

I Would you draw out Liwiathan with a hook, or snare his tongue with a line which you lower? (Job 41:1)

I In that day יהיה with His severe sword, great and strong, punishes Liwiathan the fleeing serpent, Liwiathan that twisted serpent. And He shall slay the monster that is in the sea. (Isaiah 27:1)

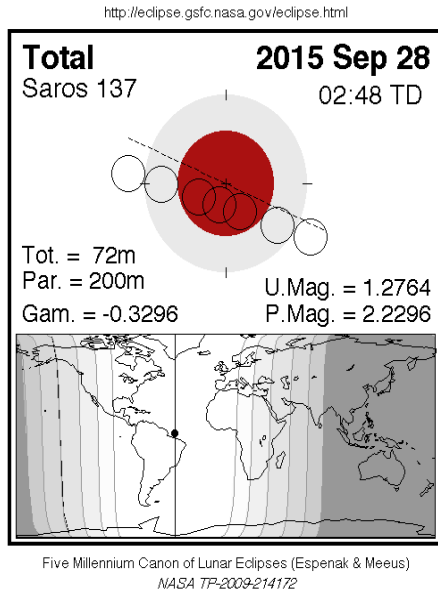

This same band is the one the Ram takes hold of and rescues Israel from the Beast power.

March 20th, 2015 will be the day before the biblical New Year's Day, 2015. The New Year begins with the Sighted Moon. This is

the Solar Eclipse at the beginning of the year. Passover 2015 will showcase the 3rd Blood Moon.

Here again, at Passover 2015, the Blood Moon is *not* visible in Israel in the spring, but in North America and Australia it *is* visible. The Dark Moon would be visible in Israel and North Western Europe at this time.

September 13th, 2015 will be the day before the Feast of Trumpets in 2015. The feast begins with the Sighted Moon, which begins at a day and an hour no man can know. That phrase is a Hebraism. This is how I know it is a Sighted Moon that begins the month. There will also be another Solar Eclipse at this time.

This 4th Blood Moon is visible in Israel in the fall of 2015, as well as in North America and the U.K., but *not* in Australia.

Take special note of what you have just learned. All four blood moons have been visible over North America; one time over the State of Israel. The Dark Moons have been over The State of Israel three of those four times.

These are the four Lunar Eclipses (known as a Tetrad), which will come on each of the High Holy Days in 2014 and 2015. This is a rare thing to have happen. It has happened only six times in the past 2,000 years using the Calculated Calendar, which only came

into widespread use *after* the 12th century when Rambam instituted the Calculated Method.

Because everyone is using the Calculated Hebrew Calendar and *not* the Sighted Crescent Moon Calendar, this is where everyone looks no further. But, in so doing, they have completely missed the boat and everything that has been shown to them thus far.

They can be likened to the following passage in the Book of James:

23 Because if anyone is a hearer of the Word and not a doer, he is like a man who looks at his natural face in a mirror, 24 for he looks at himself, and goes away, and immediately forgets what he was like. 25 But he that looked into the perfect Torah, that of freedom,¹ and continues in it, not becoming a hearer that forgets, but a doer of work, this one shall be blessed in his doing of the Torah. [Footnote: ¹See 2:12. (James 1:23-25)]

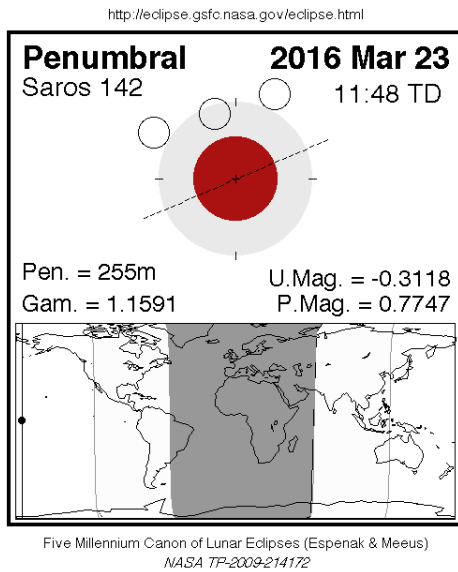

The years of 2014 and 2015 using the Sighted Moon Calendar also had these same Blood Moons on the Holy Days. Remarkably enough, on 2014 and 2015, the Calculated Hebrew Calendar and the Sighted Moon Calendar were in alignment with one another.

Dark Moons of 2016

March 9th, 2016 will be the day before New Year's Day, 2016. The New Year begins with the Sighted Moon. There will also be a Solar Eclipse one or two days before.

When we look for the Blood Moons for Passover in March of this year, we get the following chart from N.A.S.A. It is not a Blood Moon but a Dark Moon. Notice on the

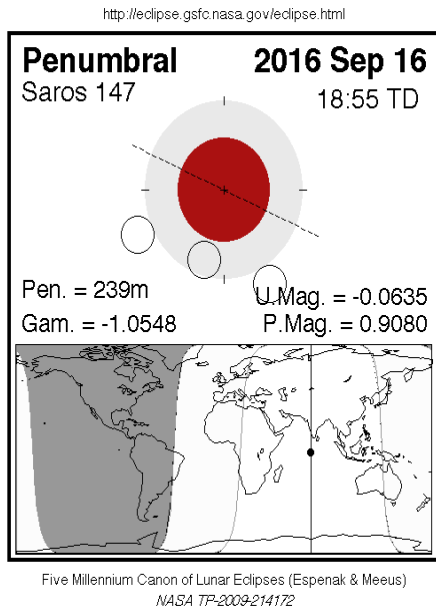

chart how the Moon does not pass through the area that would make it appear to be blood red. Instead it passes through the Penumbral, which causes the Moon to become darkened. This is known, again, as a Dark Moon.

2016 is a forced Leap Year for the Calculated Calendar. It is the 19th year of the Metonic Cycle and when you use this calendar, there are no Blood Moons on the High Holy Days in 2016.

But, if the Barley is found to be Aviv at that future time, then Passover could be on March 23rd, 2016. If Passover is on March 23rd, 2016 and Sukkot is on September 16th, 2016, which they most certainly could be, then we would have four Blood Moons and two Dark Moons in a row on the High Holy Days. Six times in a row on the High Holy Days and, in each case, something unusual is going on with the Moon. In this specific case, however, the Passover Dark Moon

will be visible over the U.S.A. and Australia but *not* the State of Israel, whereas the Sukkot Dark Moon would be visible over the U.K., Israel, Australia and South Africa.

Note what I have just said: that in 2016 this will *not* be a Blood Moon, but a Dark Moon.

Such eclipses constitute a relatively small fraction of lunar eclipses, and the distribution of these events is uneven, occurring between zero and nine times per century. The period of this variation is about 600 years and also correlates with the frequency of total umbral eclipses and tetrads.²⁶

September 1st, 2016 will be the day before the Feast of Trumpets and this too, is another Solar Eclipse over South Africa. Then, at the Feast of Sukkot, on September 16th, 2016, there would be yet another Dark Moon. It would be visible over the U.K. and the State of Israel, as well as Australia, but

not North America—all of which are, consequently, Israelite countries.

Take a look at what is going on in the sky above you.

²⁶http://en.wikipedia.org/wiki/Total_penumbral_lunar_eclipse

We now have four Blood Moons at Passover and Sukkot in both 2014 and 2015. And we have two Dark Moons in 2016 at Passover and Sukkot again. We also have four Solar Eclipses at the start of the year in 2015 and 2016 and just before the Feast of Trumpets in 2015 and 2016.

The Bible refers to Blood Moons twice—once in Joel 2:31 and once in Revelation 6:12. It also references the Moon being *darkened*.

10 For the stars of the heavens and their constellations do not give off their light. The sun shall be dark at its rising, and the moon not send out its light. (Isaiah 13:10)

10 The earth shall tremble before them, the heavens shall shake. Sun and moon shall be darkened, and the stars withdraw their brightness. (Joel 2:10)

15 Sun and moon shall become dark, and stars shall withdraw their brightness. (Joel 3:15)

29 And immediately after the distress¹ of those days the sun shall be darkened, and the moon shall not give its light, and the stars shall fall from the heaven, and the powers of the heavens shall be shaken. [Footnote: ¹Or pressure. (Matthew 24:29)]

So in the entire Bible we have two verses telling us of the Moon being turned to blood and at least four telling us the Moon will be darkened. And yet everyone has jumped on the Blood Moon bandwagon and no one is even taking the Dark Moons into account.

31 "... the sun is turned into darkness, and the moon into blood, before the coming of the great and awesome day of יהוה." (Joel 2:31)

12 And I looked when He opened the sixth seal and saw a great earthquake came to be. And the sun became black as sackcloth of hair, and the moon became as blood. (Revelation 6:12)

What Does All Of This Mean?

All things considered, why have I gone out of my way to share all of this with you? Why should any of us care about this? What I have proposed thus far has all the earmarks of a wake-up call and I'm sure is very compelling, but so were all the false prophecies that were "true" today, false tomorrow. What makes this any different?

Whether it is four Blood Moons by themselves or four Blood Moons and two Dark ones, why should anyone give any heed to the matter or take what I'm saying to heart? The answer to this is what no one else is telling you.

At <http://www.sightedmoon.com>, I have been telling you since 2005 about the curses found in Leviticus 26 for not keeping the Sabbatical Years. There are five curses revealed in Leviticus of which it would behoove you to let me review with you.

The 1st Curse is what I have aptly called the Curse of Terror. It began in 1996 and is then compounded by the curses that follow hard on its heels—including each successive

curse overlapping with and compounding the one that has gone before versus being entirely distinct and separate from.

The 2nd Curse entails Severe Weather and Drought and these curses came into effect during the Sabbatical Cycle, which began in 2003. The 2nd Curse compounds the 1st Curse and is then both of these are compounded by the 3rd one.

The 3rd Curse is comprised of Epidemics and Sickness, which began in 2010.

The 4th Curse is described to us in the following Levitical passage:

23 And if you will not be reformed by Me by these things, but will still walk contrary to Me, 24 then I will walk contrary to you and will punish you seven times more for your sins. 25 And I will bring a sword on you that shall execute the vengeance of the covenant. And when you are gathered inside your cities, I will send the plague among you. And you shall be delivered into the hand of the enemy. (Leviticus 26:23)

Sabbath	6th Cycle	5th Cycle	4th Cycle	3rd Cycle	2nd Cycle	1st Cycle
2044	2037	2030	2023	2016	2009	2002
2043	2036	2029	2022	2015	2008	2001
2042	2035	2028	2021	2014	2007	2000
2041	2034	2027	2020	2013	2006	1999
2040	2033	2026	2019	2012	2005	1998
2039	2032	2025	2018	2011	2004	1997
2038	2031	2024	2017	2010	2003	1996

The 4th Sabbatical Cycle is the cycle that includes the Curse of War. Notice that 2014, 2015 and 2016 are the three years that precede this 4th Curse Cycle.

But there is more, so listen carefully. This is what no one is teaching you about with regard to the Blood Moons. Again, understand that when I speak of Israel, I am talking about *all* 12 Tribes and not *just* the Tribe of Judah who are the Jews today.

It states the following in the Talmud:

Talmud Succah 29a It was taught: R. Meir said, "Whenever the luminaries are in eclipse, it is a bad omen for Israel since they are inured to blows. This may be compared to a school teacher who comes to school with a strap in his hand. Who becomes apprehensive? He who is accustomed to be daily punished."

Our Rabbis taught, "When the sun is in eclipse it is a bad omen for idolaters; when Lavanah (Moon) is in eclipse, it is a bad omen for Israel, since Israel reckons by Lavanah (Moon) and idolaters by the sun."

If it is in eclipse in the east, it is a bad omen for those who dwell in the east; if in the west, it is a bad omen for those who dwell in the west; if in the midst of heaven it is bad omen for the whole world.

If its face is red as blood, (it is a sign that) the sword is coming to the world; if it is like sack-cloth, the arrows of famine are coming to the world; if it resembles both, the sword and the arrows of famine are coming to the world. If the eclipse is at sunset, calamity will tarry in its coming; if at dawn, it hastens on its way: but some say the order is to be reversed.

And there is no nation which is smitten that its gods are not smitten together with it, as it is said, "And against all the gods of Egypt I will execute judgments." But when Israel fulfills the will of the Omnipresent, they need have no fear of all these [omens] as it is said, "Thus saith the L-RD(2), 'Learn not the way of the nations, and be not dismayed at the signs of heaven, for the nations are dismayed at them, the idolaters will be dismayed, but Israel will not be dismayed.'"

According to the Talmud quote featured above, the Blood Moons are a warning of a coming Sword and the Dark Moons are warning of a coming Famine.

And this is, at long last, the thing that no one has been teaching you.

The Blood Moons are warning to us of the coming War. The very warnings outlined in Leviticus 26:23 are now about to come upon us, not just in part, but *in full*. But we have not yet read of the other things Leviticus 26 warns us of. We also have the Dark Moons, as I stated earlier, and they are indicative of a Famine that is coming. Now read the rest of Leviticus 26 as it describes to us the severe Famine that we are about to endure.

23 "And if you are not instructed by Me by these, but walk contrary to Me, 24 then I also shall walk contrary to you, and I Myself shall smite you seven times for your sins. 25 And I shall bring against you a sword executing the vengeance of My covenant, and you shall gather together in your cities, and I shall send pestilence among you, and you shall be given into the hand of the enemy. 26 When I have cut off your supply of bread, ten women shall bake your bread in one oven, and they shall bring back to you your bread by weight, and you shall eat and not be satisfied. 27 And if in spite of this, you do not obey Me, but walk contrary to Me, 28 then I shall walk contrary to you in wrath. And I Myself shall punish you seven times for your sins. 29 And you shall eat the flesh of your sons, and eat the flesh of your daughters." (Leviticus 26:23-29)

This coming Famine is going to be so severe that people will resort to eating their own children.

You have to ask yourself why would ten women need to bake for one man? The answer is understood by watching the events in the Middle East in 2014. All the males captured in battle are executed, both young and old. The women are then sold off as sex slaves.

The Historical Proofs

Some will argue this is nothing but Jewish Mythology and is not true. Let us now look at history to see if there is any merit to these Blood Moons. It is history that has taught the sages about the blood and dark moons that they saw before some of the biblically great event that are recorded there.

Now that you know you need to use the Sighted Moon Crescent to start the month and *not* the Calculated Hebrew Calendar, I would like you to now take a close look at historical events and see if there were Blood Moons that came before these biblical events... *or not*.

I could not know when the specific year began going back in history, but I do know the first month would have had to of fallen on either March or April of each year. So I began to look at Lunar Eclipses for March and April to see how many potential Blood Moons or Dark Moons occurred BEFORE key events in history.

The N.A.S.A.²⁷ Lunar Eclipse catalogue only dates back as far as 1999 B.C., which was *after* the Great Flood date that took place in 2181 B.C. To fill in more of the blanks, I urge you to refer to the footnotes I included that will take you directly to additional source material relevant to Lunar Eclipses. I am also using the Sabbatical and Jubilee Cycle charts found at the back of my book, *The Prophecies of Abraham*, which I wrote in 2010. It has the chronology of the world with key dates as to when important events took place and is all based on the Chronology of the Sabbatical and Jubilee years.

All I did next was to compare the key dates for Lunar Eclipses to the months of March and April for potential Passover dates and to the months of September and October for possible Sukkot dates. But once again, because I realized it was impossible to determine whether the Barley was Aviv or not, I concluded it was best to make reference to the two months interchangeably.

The following are the results of this research:

Adam

Adam died in the year 2907 B.C. at the age of 930. The exact month we are not told. In the year 2907 B.C., there were Lunar Eclipses:²⁸ August 31st, 2907 B.C.; March 8th, 2907 B.C.; October 10th, 2908 B.C.; April 17th, 2908 B.C.; October 21st, 2909 B.C.; and April 27th, 2909 B.C.

There were also Solar Eclipses:²⁹ March 22nd and September 16th, 2907 B.C.; April 2nd and September 26th, 2908 B.C.; and April 13th and October 7th, 2909 B.C.

The promise to Adam was fulfilled by the death of Adam at age 930 in the year 2907 B.C. The 1st Millennial Day ended in the year 2857 B.C. Adam died forty-nine years *before* the end of the 1st Millennial Day.

16 And יהוה Elohim commanded the man, saying, "Eat of every tree of the garden, 17 but do not eat of the tree of the knowledge of good and evil, for in the day that you eat of it you shall certainly die." (Genesis 2:16-17)

²⁷<http://eclipse.gsfc.nasa.gov/5MCLE/5MKLEcatalog.txt>

²⁸<http://www.torahcalendar.com/PDF/LUNARCANON7000.pdf> Also note that Torah Calendar is using the Julian dates.

²⁹<http://www.torahcalendar.com/PDF/SOLARCANON7000.pdf>

Enoch

Enoch died in 2850 B.C.

There were Lunar Eclipses March 7th and September 1st, 2850, B.C.; March 18th and September 11th, 2851 B.C.; March 29th and September 22nd, 2852 B.C.; and finally, April 9th and October 2nd, 2853 B.C.

There were Solar Eclipses March 4th, 2851 B.C.; April 12th and October 7th, 2852 B.C.; and finally, April 23rd and October 29th, 2854 B.C.

But before we go any further, there are some additional dates I urge you to make note of, but keep in mind this system (Torah Calendar) is using the Hebrew Calendar for its calculations as to when the Holy Days are. Below are the years of the Tetrad for the time of Enoch:

There was a Tetrad³⁰ March 18th, September 11th, 2851 B.C. and March 29th, September 22, 2852 B.C.

Seth

Seth the son of Adam died in the year 2795 B.C.

Prior to his death, there were Lunar Eclipses occurring on: August 23rd, 2795 B.C.; April 8th and October 3rd, 2796 B.C.; and finally, April 19th and October 14th, 2797 B.C.

There were Solar Eclipses occurring on: September 7th, 2795 B.C.; March 14th and September 17th, 2796 B.C.; and finally, April 5th and September 28th, 2797 B.C.

As I looked at the other patriarchs, I could find little to write about until I came to the Flood of Noah. Other than the deaths of Adam, Seth, and Enoch, this is the next big event in the Bible. Look at what was shown to the people of the Earth at this time.

Noah

Noah's Flood took place at the 2nd Passover, May 17th-18th, 2181 B.C.³¹

A Lunar Eclipse was seen on March 21st, 2181 B.C. This would have been when the 1st Passover took place. Noah took part in the 2nd Passover due to the death of Methuselah.

There were other Lunar Eclipses on April 1st and September 24th, 2182 B.C.; April 12th and October 5th, 2183 B.C.; April 22nd and October 16th, 2184 B.C. It is recorded as a

³⁰<http://www.torahcalendar.com/PDF/LUNARTETRADCANON7000.pdf>

³¹The day starts the evening before at sunset. May 17th at sunset Passover would have begun and it would have ended at sunset May 18th. This calculation is using the Hebrew Calendar at:
<http://www.torahcalendar.com>

Lunar Tetrad April and September 2182 B.C., as well as April and October 2183 B.C. These are the four Holy Days leading up to the Flood at Passover in 2181 B.C., but keep in mind that even during the 1st Passover that year, there was a total Lunar Eclipse giving us the four Blood Moons at that time. Again, the Tetrads are calculated using the Hebrew Calendar with the Moon at Conjunction to begin the month and they also are calculated using the Metonic Cycles going back in time.

All of these Lunar Eclipses take place *before* the events I am talking about and not afterward, like those teaching about the Blood Moons today that come after the events they are associated with.

You can only know when Noah's Flood took place by using and understanding the Sabbatical and Jubilee chronology of history as explained in my book, *The Prophecies of Abraham*.³²

26 And as it came to be in the days of Noah, so also shall it be in the days of the Son of Adam: 27 They were eating, they were drinking, they were marrying, they were given in marriage, until the day that Noah went into the ark, and the flood came and destroyed them all. 28 And likewise, as it came to be in the days of Lot: They were eating, they were drinking, they were buying, they were selling, they were planting, they were building, 29 but on the day Lot went out of Sodom it rained fire and sulphur from heaven and destroyed all.

I could find nothing, however, for the time when Noah died in 1831 B.C.

Kings of the North & the Covenant With Abraham

In the summer of 1810 B.C., the Kings of the North came and attacked the Valley of Siddim, capturing Lot and many other cities.³³ In the year of this great upheaval, there were Lunar Eclipses on April 10th and October 2nd during the year of the Wars in 1810 B.C. During the previous two years on May 19th and October 14th, 1811 and April 20th and October 13th, 1812 B.C. lunar eclipses also occurred.

The Blood Moon may not have been visible from where Abraham or Sodom stood but the dark moon would have been.

There were also some unusual Solar Eclipses during this same period. In 1810 B.C., there were four on March 14th, April 13th, September 8th and October 9th. We also have them falling on April 23rd and October 18th, 1811 B.C., as well as on October 28th, 1812 B.C.

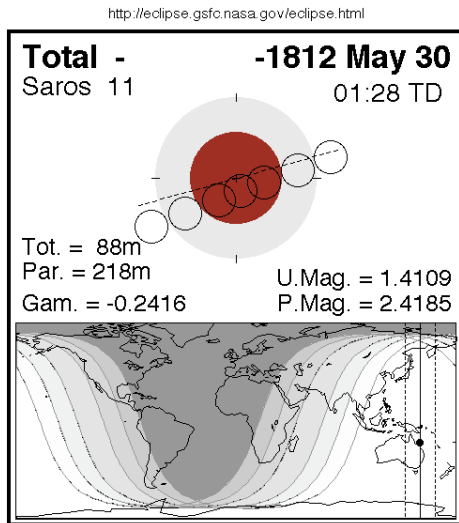

The reader needs to be aware of the way in which dates are recorded. It does get confusing at times and I may also have confused these years. I admit it although I have done my best to keep them sorted out as I recorded these events.³⁴ The following charts

The light area is where the blood moon is most visible and the dark area the moon is still visible but will be in the dark phase.

The Gregorian calendar is used for all dates from October 15th, 1582 onward. Before that date, the Julian calendar was used. The Julian calendar does not include the year 0. Thus the year 1 B.C.E. is followed by the year 1 C.E. This is awkward for arithmetic calculations. Years in this catalog are numbered astronomically and include the year 0. Historians should note there is a difference of one year between astronomical dates and B.C.E. dates. Thus, the astronomical year 0 corresponds to 1 B.C.E., and astronomical year -1 corresponds to 2 B.C.E., etc.

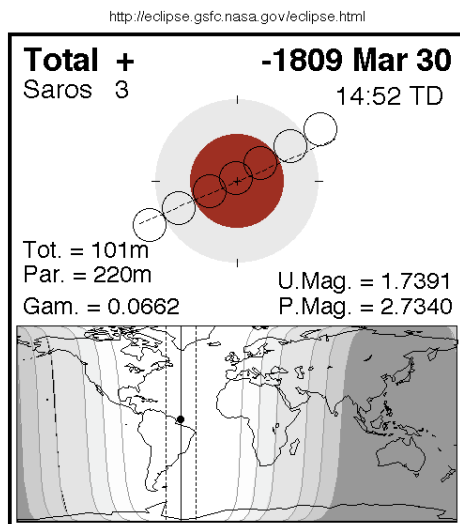

At Passover in 1809 B.C., the Covenant was made with Abraham.³⁵ That year, there were Lunar Eclipses on March 30th and September 22nd—that is to say, full Blood Moons. The year Abraham left Haran and arrived in the land of Canaan, there was a severe Famine. We have Dark Moons *before* this time, but *not* on the High Holy Days.

Again, I am operating on the assumption that the year began in March or April. There is no way, however, at least not at this time, to know exactly which month the year actually began.

Sodom & Gomorrah

Now that I have explained to you what happened with the Moons leading up to the Flood, let us now see if it also applies to the life of Lot in Sodom and Gomorrah as Luke compares the flood of Noah with Sodom and the last days. Sodom and Gomorrah are destroyed during Passover in 1790 B.C. Were there Blood Moons leading up to this time period in history?

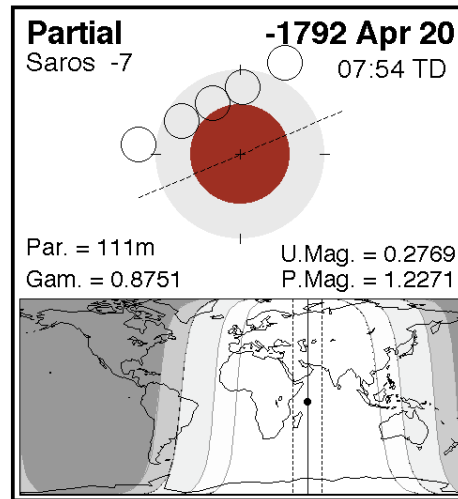

There were Lunar Eclipses on October 25th, 1793 B.C.; April 20th and October 13th, 1792 B.C.; April 9th and October 2nd, 1792 B.C.; as well as March 29th and September 22nd, 1791 B.C. There was even one on February 17th, 1790 B.C., one month before Passover on March 18th, 1790 B.C. when Sodom and Gomorrah and the other two cities were destroyed by fire and brimstone.

They were given all of these Blood Moon warnings *prior to* Sodom and Gomorrah and the other two cities being destroyed, all but three, of which, were clearly seen from the land of Sodom.

Shem

Shem, the son of Noah, lived to be 600 years old when he died. He was also known in the Bible as Melchizedek, the King of Salem. He died in the year 1679 B.C.

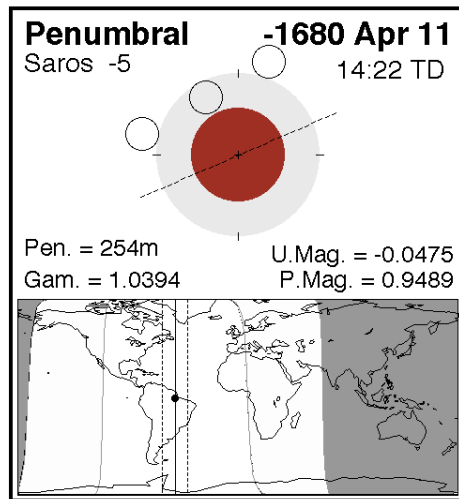

There were Lunar Eclipses on April 1st and September 25th, 1679 B.C.; April 11th and October 6th, 1680 B.C., and October 17th, 1681 B.C.

There were also Solar Eclipses March 6th and August 30th, 1679 B.C.; April 15th, September 10th and October 9th—all in 1680 B.C.; but also on April 26th and October 19th, 1681 B.C. and finally on October 31st, 1682 B.C.

Joseph

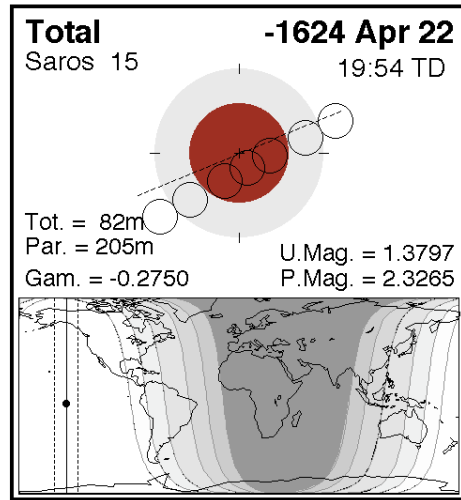

Joseph was seventeen when he was sold into slavery in 1621 B.C. The Lunar Eclipse dates for the potential Blood Moons on the High Holy Days in April and October, before that day arrived in 1621 B.C., would be as follows: March 3rd, 1622 B.C.; April 12th and October 5th, 1623 B.C.; April 22nd and October 16th, 1624 B.C.; as well as May 3rd and October 28th, 1625 B.C.

There were also Solar Eclipses on March 17th and September 10th, 1623 B.C.; March 27th and September 21st, 1624 B.C.; as well as April 7th and October 1st, 1625 B.C.

Before we go any further, I want to point out the following: The year Joseph went into Captivity was 1620 B.C. The Years of Plenty were from 1607 B.C. until 1601 B.C.

Did the Dark Moons actually take place *before* the severe Famine years occurring from 1600 B.C. to 1594 B.C.? Let's find out.

As you can see, there were many Dark Moons leading up to the seven years of Famine.

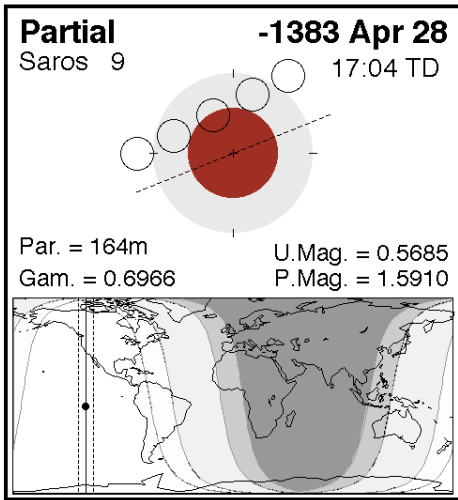

The Exodus

Moses and Aaron began the Plagues about the year 1383 B.C. and the Exodus was in the year 1379 B.C. Once again, keep in mind that this was *not* about Israel or its people. These warnings were to Egypt. But during the time when Moses and Aaron were performing the Plagues, there were also eclipses that went along with them during the High Holy Day season.

Also keep in mind what you already read in the Talmud earlier about the heathen who worship the Sun. The Solar Eclipses which occurred during this same time were on: March 1st, 1379 B.C.; March 12th and September 4th, 1380 B.C.; March 23rd and September 15th, 1381 B.C.; as well as April 2nd, May 2nd and September 26th, 1382 B.C.

These are the potential Blood Moons on the High Holy Days leading up to the Captivity of the 10 Northern Tribes of Israel.

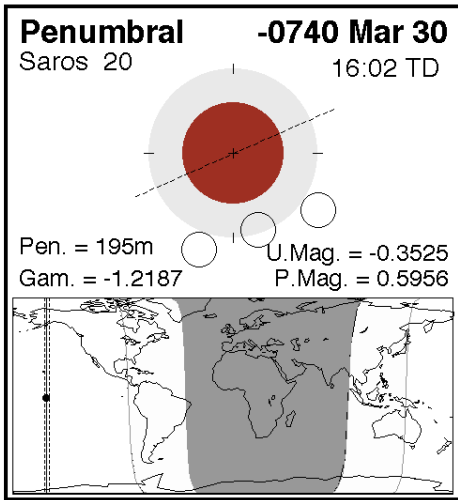

I believe the Assyrian attacks began in 741 B.C. with the Captivity of Naphtali and Zebulon.³⁶ Reuben, Gad and the half-tribe of Manasseh³⁷ went into Captivity in 733 B.C. and the rest of Samaria fell in 723 B.C.

There were Lunar Eclipses on: March 30th, April 28th and September 22nd, 741 B.C.; March 20th and September 12th, 740 B.C.; as well as March 9th and September 1st, 739 B.C.

Read what Jeremiah reveals about the fall of Jerusalem in 586 B.C. and keep in mind the Dark Moons I have just shown you that came before her fall.

1 How dim the gold has become, the fine gold changed! The stones of the set-apart place are scattered at the head of every street. 2 The precious sons of Tsiyon who were weighed against fine gold, how they have been reckoned as clay pots, the work of the hands of the potter! 3 Even jackals have presented their breasts, they have nursed their young. The daughter of my people has become as cruel, as ostriches in the wilderness. 4 The tongue of the infant has clung to the roof of its mouth for thirst; children asked for bread, no one breaks it

for them. 5 Those who ate delicacies have been laid waste in the streets; those who were brought up in scarlet have embraced dunghills. 6 And the crookedness of the daughter of my people is greater than the punishment of the sin of Sedom, which was overthrown in a moment, and no hands were wrung over her! 7 Her Nazirites were brighter than snow and whiter than milk; more ruddy in body than rubies, their cut like sapphire. 8 Their appearance has become blacker than soot; they have become unrecognized in the streets; their skin has shriveled on their bones, it has become dry, it has become as wood. 9 Better off were those pierced by the sword than those pierced by hunger; for these pine away, pierced through for lack of the fruits of the field. 10 The hands of the compassionate women have boiled their own children; they became food for them in the destruction of the daughter of my people. 11 יהוה has completed His wrath, He has poured out His burning displeasure. And He kindled a fire in Tsiyon, and it consumed her foundations. (Lamentations 4:1-11)

19 Arise, cry out in the night, at the beginning of the watches, pour out your heart like

water before the face of יהוה. Lift your hands toward Him for the life of your young children, who languish from hunger at the head of every street. 20 See, O יהוה, and look attentively to whom have You done thus. Should the women eat their offspring, infants of a hand breadth? Should the priest and prophet be slain in the set-apart place of יהוה? 21 Young and old lie on the ground in the streets. My maidens and my young men have fallen by the sword. You have slain them in the day of Your displeasure, You have slaughtered without compassion. (Lamentations 2:19-21)

There were Solar Eclipses April 27th and October 21st, 593 B.C.; April 17th and October 10th, 592 B.C.; as well as March 7th, April 6th, August 31st and September 30th, 591 B.C.

On April 25th, 31 C.E. Yeshua was killed on the tree. That year and month there was a partial Blood Moon at Passover.

The chart above and the ones to follow are all the potential Dark or Blood Moons on the High Holy Days from the death of Yeshua on April 25th, 31 C.E. until the destruction of the Temple, forty years later in 70 C.E. Make note of where they are available to be seen and whether they are Blood Moons or Dark Moons. I am simply, on the next few pages, providing you with the solid evidence/necessary proofs. As for the rest, you must decide for yourself.

More Blood Moons ensued after the Jews began to wage war against Rome in approximately 66 C.E. and there were more Blood Moons after this date. They came on May 5th and October 29th, 68 C.E.; April 25th and October 18th, 69 C.E.; as well as on April 14th, September 9th and October 8th, 70 C.E.

Josephus writes about this time when Jerusalem fell and describes the severe Famine that had taken hold of the city.

3. Now of those that perished by Famine in the city, the number was prodigious, and the miseries they underwent were unspeakable; for if so much as the shadow of any kind of food did anywhere appear, a war ... commenced ... and the dearest friends fell a fighting one with another about it, snatching from each other the most miserable supports of life. Nor would men believe that those who were dying had no food, but the robbers would search them when they were expiring, lest anyone should have concealed food in their bosoms, and

counterfeited dying; nay, these robbers gaped for want, and ran about stumbling and staggering along like mad dogs, and reeling against the doors of the houses like drunken men; they would also, in the great distress they were in, rush into the very same houses two or three times in one and the same day.

Moreover, their hunger was so intolerable, that it obliged them to chew everything, while they gathered such things as the most sordid animals would not touch, and endured to eat them; nor did they at length abstain from girdles and shoes; and the very leather which belonged to their shields they pulled off and gnawed: the very wisps of old hay became food to some; and some gathered up fibres, and sold a very small weight of them for four Attic (drachmae).

But why do I describe the shameless impudence that the Famine brought on men in their eating inanimate things, while I am going to relate a matter of fact, the like to which no history relates, (15) either among the Greeks or Barbarians? It is horrible to speak of it, and incredible when heard. I had indeed willingly omitted this calamity of ours, that I

might not seem to deliver what is so portentous to posterity, but that I have innumerable witnesses to it in my own age; and besides, my country would have had little reason to thank me for suppressing the miseries that she underwent at this time.

4. There was a certain woman that dwelt beyond Jordan, her name was Mary; her father was Eleazar, of the village Bethzob, which signifies the House of Hyssop. She was eminent for her family and her wealth, and had fled away to Jerusalem with the rest of the multitude, and was with them besieged therein at this time. The other effects of this woman had been already seized upon, such I mean as she had brought with her out of Perea, and removed to the city. What she had treasured up besides, as also what food she had contrived to save, had been also carried off by the rapacious guards, who came every day running into her house for that purpose.

This put the poor woman into a very great passion, and by the frequent reproaches and imprecations she cast at these rapacious villains, she had provoked them to anger against her; but none of them, either out of the indignation she had raised against herself, or out of commiseration of her case, would take away her life; and if she found any food, she perceived her labors were for others, and not for herself; and it was now become impossible for her any way to find any more food, while the Famine pierced through her very bowels and marrow, when also her passion was fired to a degree beyond the Famine itself; nor did she consult with anything but with her passion and the necessity she was in.

She then attempted a most unnatural thing; and snatching up her son, who was a child sucking at her breast, she said, "O thou miserable infant! For whom shall I preserve thee in this war, this Famine, and this sedition? As to the war with the Romans, if they preserve our lives, we must be slaves. This Famine also will destroy us, even before that slavery comes upon us. Yet are these seditious rogues more terrible than both the other. Come on; be thou my food, and be thou a fury to these seditious varlets, and a byword to the world, which is all that is now wanting to complete the calamities of us Jews."

As soon as she had said this, she slew her son, and then roasted him, and eat the one half of him, and kept the other half by her concealed. Upon this, the seditious came in presently, and smelling the horrid scent of this food, they threatened her that they would cut her throat immediately if she did not show them what food she had gotten ready. She replied that she had saved a very fine portion of it for them, and withal uncovered what was left of her son.

Hereupon, they were seized with a horror and amazement of mind, and stood astonished at the sight, when she said to them, "This is mine own son, and what hath been done was mine own doing! Come, eat of this food; for I have eaten of it myself! Do not you pretend to be either more tender than a woman, or more compassionate than a mother; but if you be so scrupulous, and do abominate this my sacrifice, as I have eaten the one half, let the rest be reserved for me also."

After which those men went out trembling, being never so much afrighted at anything as they were at this, and with some difficulty they left the rest of that meat to the mother. Upon which the whole city was full of this horrid action immediately; and while every body laid this miserable case before their own eyes, they trembled, as if this unheard of action had been done by themselves. So those that were thus distressed by the Famine

*were very desirous to die, and those already dead were esteemed happy, because they had not lived long enough either to hear or to see such miseries.*³⁸

Having now been presented with the full import of all of the accounts I have now presented; I ask you, *what* do the Blood Moons of 2014 and 2015 along with the Dark Moons of 2016 signify to us or warn us of?

What do they mean, exactly?

23 And if you are not instructed by Me by these, but walk contrary to Me, 24 then I also shall walk contrary to you, and I Myself shall smite you seven times for your sins. 25 And I shall bring against you a sword executing the vengeance of My covenant, and you shall gather together in your cities, and I shall send pestilence among you, and you shall be given into the hand of the enemy. 26 When I have cut off your supply of bread, ten women shall bake your bread in one oven, and they shall bring back to you your bread by weight, and you shall eat and not be satisfied. (Leviticus 26:23-26)

This verse is telling you in the 4th Sabbatical Cycle there *will* be War and Famine—the very same thing the Blood Moons in 2014 and 2015 and the two Dark Moons in 2016 warn you of. Read repeatedly as many times as is necessary until you fully understand.

1 And the word of יהוה came to me, saying, 2 “And you, son of man, this is what the Master יהוה said to the land of Yisra’el, ‘An end! The end has come upon the four corners of the land. 3 Now the end is upon you, and I shall send My displeasure against you, and judge you according to your ways, and repay you for all your abominations. 4 And My eye shall not pardon you, nor would I spare, for I repay your ways while your abominations are in your midst. And you shall know that I am יהוה!’” 5 “Thus said the Master יהוה, ‘A calamity, an only calamity, look, it has come!’” (Ezekiel 7:1-5)

6 “An end has come, the end has come! It has awakened against you, look, it has come! 7 The turn has come to you, O inhabitants of the land. The time has come, a day of uproar is near, and not of rejoicing in the mountains. 8 Soon I shall pour out My wrath, and shall complete My displeasure upon you, and judge you according to your ways, and repay you for all your abominations. 9 And My eye shall not pardon, nor would I spare. I give you according to your ways while your abominations are in your midst. And you shall know that I am יהוה who smites. 10 See, the day! See, it has come! The turn has come, the rod has blossomed, pride has budded.” (Ezekiel 7:6-10)

11 “The violence has grown into a rod of wrongdoing. There is none of them, and none of its crowd, and none of their riches, and none eminent among them. 12 The time has come, and the day has arrived. Let not the buyer rejoice, nor the seller mourn, for wrath is on all its crowd. 13 For the seller shall not return to what has been sold, though they are still alive. For the vision is for all its crowd—it shall not turn back. And because of his crookedness no one holds fast to his life. 14 They have blown the trumpet and all is prepared, but no one goes to battle, for My wrath is on all its crowd.” (Ezekiel 7:11-14)

15 “The sword is outside, and the pestilence and the scarcity of food inside. He who is in the field dies by the sword, and he who is in a city, scarcity of food and pestilence devour him, 16 while they who escape of them shall escape and be on the mountains like doves of

³⁸<http://www.ccel.org/ccel/josephus/complete.iii.vii.iii.html>

the valleys, all of them mourning, each for his crookedness. 17 All hands go limp, and all knees become as water. 18 And they shall gird on sackcloth, and be covered with trembling. And shame shall be on every face, and baldness on all their heads.” (Ezekiel 7:15-18)

19 “They throw their silver into the streets, and their gold becomes as filth. Their silver and their gold is unable to deliver them in the day of the wrath of יהוה. They do not satisfy their appetite, nor fill their stomachs, because it has been their stumbling-block of crookedness. 20 And the splendor of His ornaments, He set it in excellency. But they made from it the images of their abominations and their disgusting matters. Therefore I shall make it like filth to them. 21 And I shall give it for a prey into the hands of strangers, and to the wrong of the earth for a spoil, and they shall profane it.” (Ezekiel 7:19-21)

22 “And I shall turn My face from them. And they shall profane My secret place, for destroyers shall enter it and profane it. 23 Make a chain, for the land has been filled with crimes of blood, and the city has been filled with violence. 24 And I shall bring the evil ones of the gentiles, and they shall possess their houses. And I shall cause the pride of the strong to cease, and their set-apart places shall be profaned. 25 Destruction shall come. And they shall seek peace, but there is none. 26 Calamity upon calamity shall come, and

report shall be upon report. And they shall seek a vision from a prophet. But the teaching has perished from the priest, and counsel from the elders!” (Ezekiel 7:22-26)

27 “Let the sovereign mourn, and let the prince put on despair, and let the hands of the common people tremble. And I shall deal with them according to their way, and judge them with their own right-rulings. And they shall know that I am יהוה!” (Ezekiel 7:27)

The Blood Moons of 2014 and 2015 warn us of a coming War.

The 4th Sabbatical Cycle is the cycle with the Curse of War. These

four Blood Moons come *immediately* before the 4th Sabbatical Cycle. Look at the chart below and make note of this for future reference.

Sabbath	6th Cycle	5th Cycle	4th Cycle	3rd Cycle	2nd Cycle	1st Cycle
2044	2037	2030	2023	2016	2009	2002
2043	2036	2029	2022	2015	2008	2001
2042	2035	2028	2021	2014	2007	2000
2041	2034	2027	2020	2013	2006	1999
2040	2033	2026	2019	2012	2005	1998
2039	2032	2025	2018	2011	2004	1997
2038	2031	2024	2017	2010	2003	1996

But there is more. The Dark Moons on March 23rd and September 16th, 2016 warn us of the coming Famine—the exact *same thing* we just read of in Leviticus 26!

26 “When I have cut off your supply of bread, ten women shall bake your bread in one oven, and they shall bring back to you your bread by weight, and you shall eat and not be satisfied.” (Leviticus 26:26)

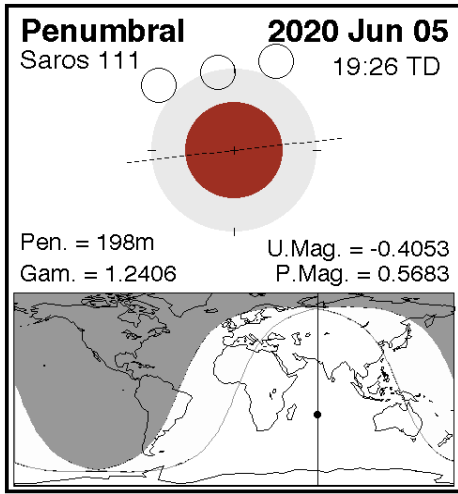

This Famine is going to be so bad that you will eat your own flesh and blood.

Continue to read on in Leviticus:
 27 “And if in spite of this, you do not obey Me, but walk contrary to Me,
 28 then I shall walk contrary to you in wrath. And I Myself shall punish you seven times for your sins. 29
 ‘And you shall eat the flesh of your sons, and eat the flesh of your daughters.’” (Leviticus 26:27-29)

If the Barley is ready early in the year 2016, we would then observe Passover on March 23rd and Sukkot on September 16th—a full month earlier than the Hebrew Calendar that year.

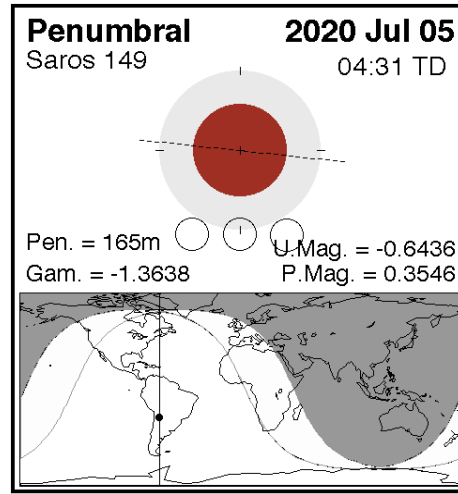

There are also Dark Moons on June 5th and July 5th, 2020. This is when the *Covenant Made With Many* comes to an end after one Shabua.

Shavuot 2020 is the end of the *Covenant Made With Many* and the start of the *2,300 Days of Hell*.

Featured on the next couple of pages are the Blood Moons, which fall between 2020 and 2033 when Satan is to be locked away.

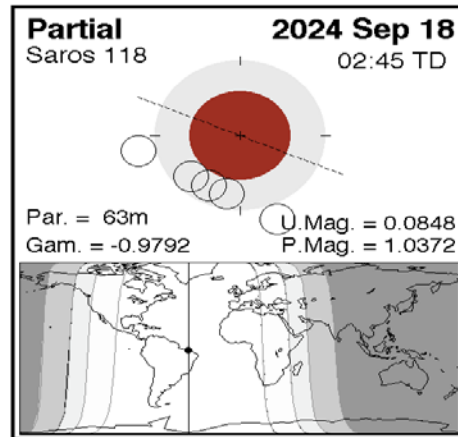

Passover comes in March or April of each year and Sukkot comes in September or October of each year, and possibly in some cases, the end of August.

The Two Witnesses begin their ministry on the Feast of Trumpets in the year 2026. At that time, the Two Witnesses work from 2026 until Passover 2030 when they will be killed which, in turn, ushers in the Great Tribulation. Take note of the years for the Great Tribulation. These are the Blood Moons Joel is speaking of—the years 2030-2033. Each of these Blood and Dark Moons from 2026 to 2030 are made manifest during the years when Israel is in captivity.

Once the Two Witnesses have prevailed upon the powers that be with regard to their demand that the surviving Tribes of Israel be allowed to return to Jerusalem, some will arrive early and be watching for the Barley to appear. I suspect it will come early that year and they will keep Passover on March 18th, 2030. It is at this time that Jerusalem will be surrounded by armies once again. These brethren who have arrived early will then flee into the Wilderness of Jordan and will be hotly pursued by this army, of which the Earth opens up and swallows.

13 And when the dragon saw that he had been thrown to the earth, he persecuted the woman who gave birth to the male child. 14 And the woman was given two wings of a great eagle, to fly into the wilderness to her place, where she is nourished for a time and times and half a time, from the presence of the serpent. 15 And out of his mouth the serpent spewed water like a river after the woman, to cause her to be swept away by the river. 16 And the earth helped the woman, and the earth opened its mouth and swallowed up the river which the dragon had spewed out of his mouth. 17 And the dragon was enraged with the woman, and he went to fight with the remnant of her seed, those guarding the commands of Elohim and possessing the witness of יהושע Messiah. (Revelation 12:13-17)

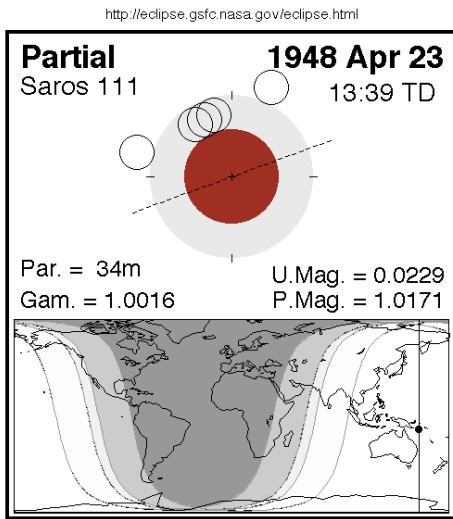

If all of the saints flee into the Wilderness, who then are these the dragon makes war with; those who keep the Commandments but do *not* flee?

Passover is projected to take place on April 18th, 2030, according to the Hebrew Calendar. These are the ones to be counted amongst those who will not recognize the

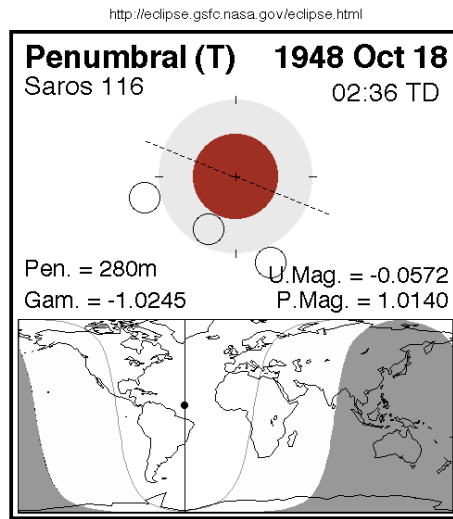

Barley as the biblical sign by which to begin the year. These are numbered amongst those who are to be killed by the dragon once the woman has fled at Passover, as a direct result of failing to take into account the Barley and Sighted Moon in March 2030. Thirty days later, Passover is earmarked to occur on April 18th, 2030 according to the Hebrew Calendar.

That being established, let us now look at the resultant dates Mark Biltz has arrived at utilizing the wrong calendar as his guide and let us look at them in the context of employing the Sighted Moon method BEFORE the events and see if they are *indeed* harbingers of bad tidings yet to come.

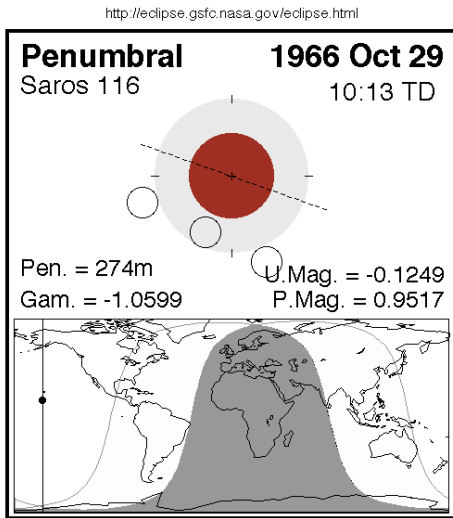

To the contrary! I could not find Blood Moons on the High Holy Days prior to 1948 or 1967, except for just the two for each one below.

Once again, make a point to keep in mind that the 4th Sabbatical Cycle is the Curse of War. And just preceding it are the four Blood and the Dark Moons.

Sabbath	6th Cycle	5th Cycle	4th Cycle	3rd Cycle	2nd Cycle	1st Cycle
2044	2037	2030	2023	2016	2009	2002
2043	2036	2029	2022	2015	2008	2001
2042	2035	2028	2021	2014	2007	2000
2041	2034	2027	2020	2013	2006	1999
2040	2033	2026	2019	2012	2005	1998
2039	2032	2025	2018	2011	2004	1997
2038	2031	2024	2017	2010	2003	1996

But before going any further, I would ask that we now take a slight detour and look at something else that has recently been brought to my attention.

2 And I saw. And behold a white horse! And he sitting on it had a bow. And a crown was given to him, and he went forth conquering and to conquer. (Revelation 6:2)

The White Horse is not the Messiah as some religions suppose. No, the White Horse is representative of *false religion*. It is Islam and it is also Christianity. *Both* have history and present history to show how they forced those they subdued to accept the conquering religion. But I also want to point out the Bow. Yeshua is always depicted with a two-edged sword coming out of His mouth, indicating the Word of Torah cuts like a double-edged sword. The Bow, on the other hand, is representative of the Hunters who are now coming.

But how do we know who the Hunters are?

11 And the Messenger of יהוה said to her, "See, you are conceiving and bearing a son, and shall call his name Yishma'ël, because יהוה has heard your affliction." (Genesis 16:11)

This is speaking about when Hagar departed from Abraham.

*17 And Elohim heard the voice of the boy, and the messenger of Elohim called to Haġar from the heavens, and said to her, "What is the matter with you, Haġar? Do not fear, for Elohim has heard the voice of the boy where he is. 18 "Arise, lift up the boy and hold him with your hand, for I make a great nation of him." 19 And Elohim opened her eyes, and she saw a well of water. And she went and filled the skin with water, and gave the boy a drink. 20 And Elohim was with the boy, and he grew and dwelt in the wilderness, and became an **archer**. (Genesis 21:17-20)*

Here, we can clearly see that Ishmael is an Archer. And, as we read further in Genesis, we learn that Esau too was a skilled Hunter with the bow.

27 And the boys grew up. And Ĕsaw became a man knowing how to hunt, a man of the field, while Ya'aqoḇ was a complete man, dwelling in tents. (Genesis 25:27)

*1 And it came to be, when Yitṣḥaq was old and his eyes were too dim to see, that he called Ĕsaw his elder son and said to him, "My son." And he answered him, "Here I am." 2 And he said, "See now, I am old, I do not know the day of my death. 3 "Now then, please take your weapons, your **quiver and your bow**, and go out to the field and hunt wild game for me. 4 "And make me a tasty dish, such as I love, and bring it to me to eat, in order that my being does bless you before I die." (Genesis 27:1-4)*

Both Ishmael and Esau are masters of the Bow and Arrow, just as we are shown in the 1st White Horse of Revelation.³⁹ After Jacob tricked Isaac, Isaac then gave this blessing to Esau who, in turn, hated Jacob.

Pay *close* attention to the words of the following passage in Genesis:

39 And Yitṣḥaq his father answered and said to him, "See, your dwelling is of the fatness of the earth, and of the dew of the heavens from above. 40 And by your sword you are to

³⁹Revelation 6:2

live, and serve your brother. And it shall be, when you grow restless, that you shall break his yoke from your neck.” 41 And Ėsaw hated Ya’aqob because of the blessing with which his father blessed him, and Ėsaw said in his heart, “The days of mourning for my father draw near, then I am going to kill my brother Ya’aqob.” (Genesis 27:39-41)

Dominion

H7300 רדד rûd rood

A primitive root; **to tramp**_about, that is, *ramble* (free or disconsolate): –have the dominion, be lord, mourn, rule.

16 “See, I am sending for many fishermen,” declares יהוה, “and they shall fish them. And after that I shall send for many hunters, and they shall hunt them from every mountain and every hill, and out of the holes of the rocks.” (Jeremiah 16:16)

Yehovah is now preparing the Hunters who are in the process of throwing off the yoke of Jacob and are now about to go hunt all 13 Tribes of Israel and kill 90% of them. Therefore, the time to start keeping the Sabbath, the Holy Days of Leviticus 23 and not add any others to them, is now. And again, you *must* keep the Sabbatical Year in 2016 if you want to have *any* hope from on high of being protected from *all* that is about to come upon you.

Now, I have an assignment for all of you. Go and watch the [teaching on Assyria⁴⁰](#) because I am not going to take the time to re-explain all of that teaching again here. As you watch the video, make a special point to take note of the word “dominion,” or “trample.” After having done so, then consider these things in light of what I explain on my video about Assyria. Ishmael and Esau are the Hunters. Islam is the religion that is going to conquer. “Why?” you may ask. Because all 13 Tribes of Israel refused to heed the voice of those Yehovah sent to lure Israel back to the Torah, the Fishermen.

The 2nd Horse is the Red Horse.

3 And when He opened the second seal, I heard the second living creature saying, “Come and see.” 4 And another horse, fiery red, went out. And it was given to the one who sat on it to take peace from the earth, and that they should slay one another. And a great sword was given to him. (Revelation 6:3-4)

I have been warning you now for years that the 4th Curse of Leviticus 26 is the Curse of the Sword:

25 And I shall bring against you a sword executing the vengeance of My covenant, and you shall gather together in your cities, and I shall send pestilence among you, and you shall be given into the hand of the enemy. 26 When I have cut off your supply of bread, ten women shall bake your bread in one oven, and they shall bring back to you your bread by weight, and you shall eat and not be satisfied. (Leviticus 26:25-26)

⁴⁰<https://www.youtube.com/watch?v=N-koTWVirk>

The 4th Horse is the Pale One and it represents Death. One-quarter of the Earth's population is going to die by Sword, Famine and being destroyed by wild animals.

7 And when He opened the fourth seal, I heard the voice of the fourth living creature saying, "Come and see." 8 And I looked and saw a pale horse. And he who sat on it had the name Death, and the grave followed with him. And authority was given to them over a fourth of the earth, to kill with sword, and with hunger, and with death, and by the beasts of the earth. (Revelation 6:7-8)

What religious group of people is known for beheadings and decapitations of those they capture?^{41 & 42}

I want to have you zero in again on those of the 5th Seal here. These are the saints of which Revelation speaks of who will be martyred.

9 And when He opened the fifth seal, I saw under the altar the beings of those having been slain for the Word of Elohim and for the witness which they held, 10 and they cried with a loud voice, saying, "How long, O Master, set-apart and true, until You judge and avenge our blood on those who dwell on the earth?" 11 And there was given to each one a white robe, and they were told that they should rest a little while longer, until both the number of their fellow servants and their brothers, who would be killed as they were, was completed. 12 And I looked when He opened the sixth seal and saw a great earthquake came to be. And the sun became black as sackcloth of hair, and the moon became as blood. (Revelation 6:9-12)

The word "slain" in the context of verse 9 means butchered and slaughtered:

G4969 σφάζω sphazō *sfad'-zo*

A primary verb; to *butcher* (especially an animal for food or in sacrifice) or (generally) to *slaughter*, or (specifically) to *maim* (violently): –kill, slay, wound.

Understand what is going on here brethren. Those of you who will not obey are going to be slaughtered and butchered and have your heads cut off. Tell me again what group of people does that today? You can see them on the nightly news.

4 And I saw thrones—and they sat on them, and judgment was given to them—and the lives of those who had been beheaded because of the witness they bore to יהושע and

because of the Word of Elohim, and who did not worship the beast, nor his image, and did not receive his mark upon their foreheads or upon their hands. And they lived and reigned with Messiah for a thousand years 5 (and the rest of the dead did not come to life until the thousand years were ended)—this is the first resurrection. 6 Blessed and set-

apart is the one having part in the first resurrection. The second death possesses no authority over these, but they shall be priests of Elohim and of Messiah, and shall reign with Him a thousand years. (Revelation 20:4-6)

When Israel defended itself from the rocket attacks leveled at them from Gaza in July of 2014, the Palestinian supporters in the U.S.A. protested and unrolled a huge flag during their march. This event took place in downtown Chicago, believe it or not. Take a look at the colors of the flag and compare that to the colors of the four horses of Revelation.

The Four Horses of Revelation are white for False Religion, red for War, black for Famine and pale for Death. Has Revelation been warning us of this very time and these very things *all along?*

We must now examine what Zechariah has to say about the Flying Scrolls.

1 And I lifted up my eyes again, and looked and saw a flying scroll. 2 And he said to me, "What do you see?" And I answered, "I see a flying scroll, twenty cubits long and ten cubits wide." 3 And he said to me, "This is the curse that goes forth over the face of all the earth: 'everyone who is stealing shall go unpunished,' on the one side, according to it, and, 'everyone who has sworn falsely shall go unpunished,' on the other side, according to it." 4 "I shall send it out," declares יהוה of hosts, "and it shall come into the house of the thief and the house of the one who shall swear falsely by My Name. And it shall remain in the midst of his house and shall consume it, both its timber and stones." (Zechariah 5:1-4)

What Zechariah is describing in this context are nuclear missiles—the exact dimensions of the Iranian Shihab missiles, to be more precise.

5 And the messenger who was speaking with me came out and said to me, "Lift up your eyes now, and see what this is that is going forth." 6 And I said, "What is it?" And he said, "It is an ephah-measure that

is going forth.” Again he said, “This is their appearance throughout the earth: 7 And see, a lead cover lifted up, and this: a woman sitting inside the ĕphah-measure!” (Zechariah 5:5-7)

Who and *what* is this woman?

H802 אִשָּׁה נָשִׁים ‘ishshâh nâshîym *ish-shaw*’, *naw-sheem*’

The first form is the feminine of **H376** or **H582**; the second form is an irregular plural; a *woman* (used in the same wide sense as **H582**): –[adulter]ess, each, every, female, X many, + none, one, + together, wife, woman. Often unexpressed in English.

This word ‘ishshah’ is the exact same word as H801.

H801 אִשָּׁה ‘ishshâh *ish-shaw*’

The same as **H800**, but used in a liturgical sense; properly a *burnt offering*; but occasionally of any *sacrifice*: –(offering, sacrifice), (made) by fire.

H800 אִשָּׁה ‘eshshâh *esh-shaw*’

Feminine of **H784**; *fire*: –fire.

You will notice that in the Hebrew, the word is spelled exactly the same way each time. What Zechariah is describing here is an evil fire in a lead box. This evil fire is a nuclear device contained by the lead and it is in the midst of the missile.

8 And he said, “This is wrongness!” And he threw her down into the ĕphah-measure, and threw the lead weight over its mouth. 9 And I lifted up my eyes, and looked and saw two women, coming with the wind in their wings. And they had wings like the wings of a stork, and they lifted up the ĕphah-measure between earth and the heavens. (Zechariah 5:8-9)

He is now describing the two engines of fire that carry the missile. You have heard of the expression concerning a man having an extramarital affair; “... that he is playing with fire.” Well this is a play on the word “ishshah,” which can mean either “fire” or “a woman.”

The word “*Ishshaw*” H801 is also hinting at what is in store for us all; a sacrificial offering. What is that?

Yea, for Your sake we are put to death all the day long; we are counted as sheep for the slaughter. (Psalm 44:22)

Israel is the sheep for this sacrificial offering.

Zechariah then goes on to describe where the missiles will hail from:

10 Then I said to the messenger who was speaking to me, “Where are they taking the ĕphah-measure?” 11 And he said to me, “To build a house for it in the land of Shin’ar. And it shall be established and set there on its own base.” (Zechariah 5:10-11)

22 Yosēph is an offshoot of a fruit-bearing tree, an offshoot of a fruit-bearing tree by a fountain, his branches run over a wall. 23 And the archers have bitterly grieved him, shot at him and hated him. (Genesis 49:22-23)

Who again, are the Archers? I just explained to you who they are. Notice the rest of verse 23:

23 “... 23 and an archer lurks for him.”

Now you who are to judge angels, judge now if the Blood Moons occurring in 2014, 2015 and the Dark Moons in 2016—all on the high Holy Days—are to be looked upon as a warning of future War and Famine, or not. If you decide they are indeed a warning from Yehovah, then you are obligated to warn others from this day forward as we all are, in like manner, warned in Ezekiel, below:

1 And the word of יהוה came to me, saying, 2 “Son of man, speak to the children of your people, and you shall say to them, ‘When I bring the sword upon a land, and the people of the land shall take a man from their borders and shall make him their watchman, 3 and he sees the sword coming upon the land, and shall blow the ram’s horn and shall warn the people, 4 then whoever shall hear the sound of the ram’s horn and shall not take warning, if the sword comes and takes him away, his blood is on his own head. 5 He

heard the sound of the ram's horn, but he did not take warning, his blood is on himself. But he who takes warning shall deliver his being. 6 But if the watchman sees the sword coming and shall not blow the ram's horn, and the people shall not be warned, and the sword comes and takes any being from among them, he is taken away in his crookedness, and his blood I require at the watchman's hand.' 7 "And you, son of man, I have made you a watchman for the house of Yisra'el. And you shall hear a word from My mouth and you shall warn them for Me." (Ezekiel 33:1-7)

Most of you reading this are just ordinary people who have now been shown a most extraordinary thing—that the Curse of War is coming to the Nations of Israel. Ordinary people like you must now shout out that warning to all of those Yehovah puts in your path. If you refuse to, the blood of those who die will be required of you by Yehovah. Collectively and individually you will, from this day forward, be held accountable to impress upon those you come in contact with these warnings.

Will you do it? Will you stand in the gap in the wall and defend it? Will you answer the call in Isaiah?

8 And I heard the voice of יהוה, saying, "Whom do I send, and who would go for Us?" And I said, "Here am I! Send me." 9 And He said, "Go, and you shall say to this people, 'Hearing, you hear, but do not understand; and seeing, you see, but do not know.' 10 "Make the heart of this people fat, and their ears heavy, and shut their eyes; lest they see with their eyes, and hear with their ears, and understand with their heart, and shall turn and be healed." 11 Then I said, "יהוה, until when?" And He answered, "Until the cities are laid waste and without inhabitant, and the houses are without a man, and the land is laid waste, a ruin, 12 and יהוה has removed men far away, and the forsaken places be many in the midst of the land. 13 "But still, there is a tenth part in it, and it shall again be for a burning, like a terebinth tree and like an oak, whose stump remains when it is cut down. The set-apart seed is its stump!" (Isaiah 6:8-13)

Unless you turn your heart back to obeying and serving Yehovah, He is going to mete out His Levitical curses, of which you will be on the receiving end of, and is, in fact, doing that already. We have seen those curses in Leviticus 26 and I have now warned you once again of the coming 4th Curse of War.

Will you now obey Him and tell others to do the same?

40 "But if they confess their crookedness and the crookedness of their fathers, with their trespass in which they trespassed against Me, and that they also have walked contrary to Me, 41 and that I also have walked contrary to them and have brought them into the land of their enemies—if their uncircumcised heart is then humbled, and they accept the punishment of their crookedness, 42 then I shall remember My covenant with Ya'aqob, and also My covenant with Yitshaq, and also remember My covenant with Abraham, and remember the land. 43 For the land was abandoned by them, and enjoying its Sabbaths while lying waste without them, and they were paying for their crookedness, because they rejected My right-rulings and because their being loathed My laws. 44 And yet for all this, when they are in the land of their enemies, I shall not reject them, nor shall I loathe them so as to destroy them and break My covenant with them. For I am יהוה their Elohim. 45 Then I shall remember for their sake the covenant of the ancestors whom I brought out of the land of Mitsrayim before the eyes of the nations to be their Elohim. I am יהוה." 46

These are the laws and the right-rulings and the Torot¹ which יהוה made between Himself and the children of Yisra'el on Mount Sinai by the hand of Mosheh. [Footnote: ¹Torot—plural of Torah, teaching. (Leviticus 26:40-46)]
